GREAT VICTORY REPORTED

PRESIDENT KRUGER'S DEATH RUMORED.

ROBERTS SENDS DISPATCH

OPERATIONS INVOLVED IN MYSTERY.

London, May 3.—6:09 p. m.—It has been learned by a representative of the Associated Press that United States Ambassador Choate has asked Lord Salisbury for explanations as to the alleged abuse of international right in the case of the American ship Sea Watch, which, according to the statement of her commander, Captain Howe, was boarded by the British warship Wash within the three mile limit of Portuguese territory in East Africa.

The American ship Sea Watch left Walloroo, December 3 and arrived at Delagoa Bay February 12. She sailed March 4 for Port Natal (Durban) and arrived there March 9.

JOB-LOT OF RUMORS.

London, May 3.—Prices became buoyant on the stock exchange today after a dull opening. This was due to a variety of rumors, all, however, requiring confirmation, including an important British victory in South Africa, the death of President Kruger, and the relief of Mafeking.

NEWS IS PUZZLING.

London, May 3.—Lord Roberts' latest dispatch throws no light on the object and possibilities of the extensive operations in the neighborhood of Thaba N'Chu. One military critic believes the inference is justified that Lord Roberts' successful attack at Houtnek threatens the Boer center and puts the British in a favorable position to crush the Boer left, which is still facing General Rundle at Thaba N'Chu or their right, which is somewhere between Brandfort and Winburg.

General Ian Hamilton's success at Houtnek elicits little enthusiasm as the critics unanimously pointed out some time ago that the policy of the Boers would be one of slow retirement.

Colonel Baden-Powell reported officially from Mafeking, under date of April 26, that all was well there. He adds:

"Thirteen native women tried to get away during the night of April 15. The enemy opened fire on them and killed nine and wounded two. I wrote to Snyman, pointing out that he shells the native stadt, which is full of women and children and that when they are trying to escape by day the Boers have captured and flogged them and sent them back, and by night they shoot them down, pretending to mistake them for night attacks. Snyman has not replied. The proportion of killed and wounded above speaks for itself."

Other news from Mafeking details the careful saving of the provisions and says there are diminished rations for nine thousand souls within the beleagured town.

The American hospital ship Maine, after having been inspected by Lady Randolph Churchill and others of the committee, sailed from Southampton for the cape today.

ROUTED FROM HOUTNEK.

London, May 3.—The war office has received the folowing report from Lord Roberts, under date of Bloemfontein, May 2:

"General Hamilton met with considerable success and drove the enemy out of the strong position they had taken up at Houtnek with comparatively small loss to us. The Boers dispersed in several directions, mainly to the east and north, leaving twenty-six prisoners in our hands, including one commandant, and sixteen other wounded men. General Hamilton is now in camp at Jacobsrust. As the men needed rest after fighting seven out of the last ten days, I ordered them to halt for the day.

"General Broadwood's brigade of cavalry arrived upon the scene in time to afford valuable assistance by threatening the enemy's rear.

"During the afternoon General Ian Hamilton was joined by General Bruce Hamilton's brigade of infantry and engineers. The enemy's position was attacked with vigor and was carried by noon. The enemy's losses were heavy. Over 100 were killed and forty wounded yesterday. Amongst the former was Lieutenant Gunther, a German officer belonging to the Fifty-fifth regiment, and amongst the latter was Maximoff, the Russian commander of the foreign legion. Twenty-one out of twenty-two of the enemy's casualties occurred amongst the members of that legion. Two Frenchmen were among the killed.

"General Hamilton speaks in high terms of the good service performed by the Eighth Hussars under Colonel Clowes, and made up into a regiment of lanciers, which came in General Mordwood's brigade and assisted in making the Boers vacate their position. The final stroke to the enemy's rout was given by the Gordons and two companies of the Shropshire light infantry, who cheered loudly when they got within 200 yards of the position.

"Kitchener's horse is also spoken of in terms of praise."

WILL BUILD AUTOMOBILES

HARRY MEYER HEADS A NEW ENTERPRISE.

Stock Company With a Capital of $50,000 is Forming—Has Inspected Plants.

Within a few months there will be established in the city an automobile factory and the Fort Wayne capitalists who are back of the project are confident of the success of the enterprise. Harry Meyer, of the Meyer Cycle company, who is the main projector of the proposed factory, returned last evening from Chicago, Milwaukee and Racine, Wis., where he inspected the plants of a number of the leading automobile factories of the country. To a Sentinel reporter this afternoon Mr. Meyer announced that his plans were complete, that the greater part of the capital necessary for the establishment had already been pledged and that he anticipated that the remainder would be forthcoming within a few weeks. Mr. Meyer stated that it was his intention to form a company with a capital of $50,000 and as soon as this is done a suitable building will be secured and the machinery installed. The work to be done this year will simply be experimental and comparatively few carriages will be built. About thirty workmen will be employed to start with, but next year the facilities will be greatly increased and a much larger force will be employed. The style of carriage to be manufactured will be a light runabout propelled by gasoline and capable of a speed of about fifteen miles an hour. The gasoline motors to be used are of a special design, much lighter than the ordinary ones now in use. The carriage, complete, will weigh about 700 pounds and will be sold for $550. Mr. Meyer stated that the manufacturers whom he visited were unable to fill their orders and that their sales are made for delivery months ahead. In view of such a demand Mr. Meyer is confident that a factory established in a manufacturing center like Fort Wayne would very soon do a business equal in volume to any of the larger factories in the United States.

IT WAS GUEST DAY.

A delightful time was spent at the home of Mrs. Dr. Greenewalt yesterday afternoon under the auspices of the Duodecimo club. It being guest day an audience of sixty or seventy-five ladies were present. A summary of the year's work on Shakespeare was given by the president. The delight of the afternoon was interpretations from "Hamlet" by Mrs. Ormsby. The reading was a brilliant analysis of Shakespeare's finest character, illustrated with dramatic renderings of the finer passages. The reading was listened to by many well known Shakespearean students. Few dramatic readers posses the fervor and brilliancy of Mrs. Ormsby's interpretations. She carried her audience with a dramatic intensity which made the character of Hamlet live in the minds of those present. And it was greeted with marked appreciation at the close.

SWEAT SHOP GARMENTS.

Samuel Autler, general treasurer of the United Garment Workers of America, with headquarters in New York, is in the city trying to encourage dealers to not buy goods manufactured in sweat shops. He will visit all the Fort Wayne stores and find who are not using union made clothing. BISHOP'S ADDRESS

REV. DR. ANDREWS SPEAKS TO THE CONFERENCE.

TAKES UP LIQUOR QUESTION

DIVORCE AND REMARRIAGE ARE HANDLED.

AMUSEMENTS AND DISCIPLINE

PROVISIONAL DELEGATES IN THEIR SEATS.

Chicago, May 3.—The interest of the delegates to the Methodist general conference today was centered in the reading of the bishop's quadrennial address by Bishop E. G. Andrews. The address, which was prepared at a recent meeting of the board of bishops in Indianapolis, was called for by Dr. Frank M. Bristol.

Bishop Andrews was given close attention and when the spectators gathered from the report that while the country had increased fourteenfold during the past hundred years, the Methodist Episcopal church had developed ninety-seven fold, they applauded enthusiastically.

ON THE LIQUOR QUESTION.

The bishop's address stated that the church will not abandon its position on the liquor question. On the contrary, "aroused and indignant at the aggressions of the liquor power, at the inexcusable miscarriage of the anti-canteen law, and at the new perils in which the nations is involving its new possessions, it will summon and pledge all our ministers and people to a more determined struggle against this enormous evil."

MARRIAGE AND DIVORCE.

As to marriage and divorce, the address continued:

"In the presence of this evil the church cannot allow its rules on the subject of divorce and re-marriage to be in any case inoperative and void. Let, if need be, the church law be amended to more perfectly express the New Testament rule of marriage. But by the voice of its public assemblies, by its pulpits and by the judicious exercise of discipline the church should keep itself pure and aid the civil law and the practices of society to become pure.

AMUSEMENTS.

"Closely associated with these evils is the popular passion for unwholesome, course and debauching amusements. Whoever watches the daily press cannot miss the evidence of shameful degradation in the theatre, concert and dance hall, and on the race course. And the tendency to great excess also in other comparatively innocent form of amusements cannot escape attention. The seriousness of life seems largely forgotten, its opportunities of usefulness unoccupied, the vigilance necessary for righteousness relaxed and the love of the passing world gaining in masterfulness. It is not to be wondered at that every earnest age has tended to reprobate all amusements as incomparable with the Christian life. Experience has shown that it is impossible to impose on youthful and immature Christians a law which many a saintly soul, of thoughtful choice, imposes on itself.

SOME RECOMMENDATIONS.

"The attempt to enforce absolute abstinence from recreative amusement reacts toward unrestrained indulgence. A discrimination between the admissible and the inadmissible is, therefore, imperative. So great is the danger to spiritual life that we suggest that it would be profitable to place among the special advices of the discipline a brief but cogent statement of the perils which attach to many amusements, of the evils inseparable from others, and of the principles by which the Christian should regulate his choice among and his use of them."

The address recommends either the abolition of the time limit on pastorates or a return to the old three year limit rule.

With the laity and the clergy theoretically, if not practically equally represented, the second session of the Methodist Episcopal general conference began here today. A crowd of delegates who were formerly in the provisional ranks created a flurry of amusement when they called at the entrance reserved for delegates. They had neglected to secure cards of admission and were promptly denied admission by a portly flunkey, who would do nothing not officially ordered.

They retreated from that door and enter[illegible] achallet [illegible] the gen[illegible] at [illegible] secure tickets of admission by merely asking for them and thus the incident closed.

The devotional exercises were begun promptly at 9 o'clock, Rev. William Burt, of Italy, leading. The business session was presided over by Bishop E. G. Andrews. He carried the bishop's report of fifteen thousand words, dealing in a general way with Methodism, its work and progress in all parts of the world.

"It's hard to tell when this will be given the conference," he said, speaking of the report. "It may be called for today, maybe tomorrow, or next day, and it may be resolved to save reading it to the conference that it be printed in our daily papers and the Daily Christian Advocate."

A report that at an informal meeting of leading members of the committee on episcopacy last night it was agreed that five bishops be retired and six new ones elected, was, in regard to the first item, denied by Bishop Morrell this morning. Those slated in the rumor for retirement were Bishops Merrill, Foss, Andrews Hurst and Walden.

When the business session got under way twenty alternates were seated in place of absent delegates, Frank Kern being given the seat made vacant by the withdrawal of Mrs. M. Y. McMahan. John H. Cissell, Northwest Indiana conference, then made a motion modifying a former action and directing that the committee on boundaries be formed in accordance with provisions of the rules of the discipline. The discipline provides that this committee shall be composed of one minister from each conference and presided over by a bishop. Dr. J. M. Buckley protested against the adoption of this motion and substituted another giving the committee an equal number of lay and official delegates. Dr. Buckley's motion was carried under suspension of the rules.

A committee was appointed to investigate the case of Caleb Butterworth, of Camden, N. J., as his right to a seat was questioned yesterday.

Then the conference came to the matter of forming the standing committees. The list of conferences was called and each handed its nominations for the fourteen committees. Secretary Monroe announced that it would take him several hours to arrange the list of names in proper order and accordingly it was agreed that the committees should meet later in the day for organization. This having been accomplished a ten minute recess was taken.

Following the recess the quadrennial address of the bishops was read. When Bishop Andrews concluded his reading the session adjourned.

BRISK BLAZE AT NOON HOUR

RESIDENCE OF J. C. BRAEUER IS BADLY SCORCHED.

Firemen Had a Hot Fight on Griffith Street—The Damage Will Reach $500.

Just at noon today firemen had an extremely hot struggle with fire in the home of J. C. Braeuer, at 184 Griffith street, and before the firemen had conquered, the flames had wrought a damage of several hundred dollars. The fire was due to an over-heated chimney, which was burning out, and it started on the upper floor of the home while the family was at dinner in the basement.

The chimney passes up beside a closet on the second floor, and a quantity of clothing in the closet caught fire. The flames quickly spread, breaking through the closet door and along the hallway until they had invaded three rooms which open off the hall. In the terrific heat and blinding smoke the firemen had to keep close to the floor and fight in close quarters, but finally mastered the situation. The woodwork and doors along the hallway are badly burned and much of the furniture in one of the rooms is ruined, while the water did some damage to the rooms below, from which neighbors had removed most of the household goods. Engine companies from Broadway, Washington street and Fairfield avenue were engaged at the blaze. Mr. Braeuer was unable to give an accurate estimate of his loss, but it will surely reach $500, if not more. There was an insurance of $800 on the residence and $200 on contents.

State President C. I. Link, of the Life Annuity Fraternity, will arrive in the city next Monday to attend the social to be given by t[illegible] city next week.

DRIVE OVER NOW.

FOURTH STREET CROSSING WAS LAID AT NOON.

CITIZENS ASSIST OFFICERS

J. G. BRUDI WAS FIRST TO DRIVE OVER.

CARS MOVED BY MAN POWER

THE RAILWAY COMPANY WAS TAKEN BY SURPRISE.

The city administration, with the police department, reinforced by Ninth ward citizens, executed a cleverly planned and successful coup de main against the Lake Shore railroad company today at noon. The fruit of the maneuver is the opening of Fourth street across the Lake Shore tracks and of the courts do not declare the establishment of the thoroughfare illegal, a long vexed question is settled.

The crossing over which there has been so much controversy is down and Mayor Scherer and the board of works assert that it will stay down until the courts have ordered it taken up.

This forenoon Mayor Scherer went to Haiber's grocery store in Bloomingdale and there met a number of north side citizens who were sworn in as special policemen. After taking the oath they were told that their duties would be to protect the Fourth street crossing over the Lake Shore railway. The citizens sworn in as policemen are: W. H. Brudi, E. M. Young, Fred Baade, Jacob Certia, Fred Barrett, Henry Bates, Charles Hoemig, Henry Fisher, John Langhor, John Cashman, John Young, Chas. E. Haiber, Fred Wehnert, Fred Fiefel, J. L. Liebig, R. Summers, Dr. J. E. Stults, David Heathman, Frederick Haiber, sr., and J. G. Brudi.

During the forenoon Chairman Eggeman, of the board of works, and City Engineer Frank Randall were at work on one of the north side streets and they watched their opportunity and when none of the railway employes were near the Fourth street crossing Mr. Randall set the stakes for a crossing. At 12 o'clock citizens began to congregate in little crowds at different places in the Ninth ward and a few minutes later H. C. Franke, superintendent of streets, and several city employes arrived at the intersection of Calhoun and Fourth streets. Soon the patrol wagon hove in sight and Superintendent Gorsline and most of the day policemen were on hand to protect workmen and see that no interference was offered with the construction of the crossing. Messrs. Eggeman, McCracken and Kane, of the board of works, were there and the order was given to get to work. Heavy timbers were at hand, but an obstacle in the way of constructing the crossing was the cars which had been left standing on the several tracks. Willing hands soon turned the breaks and with scores of men to furnish the power it wasn't ten minutes until all the cars had been removed from the section of the railway over which the crossing was to be built. The northbound Lake Shore train had been held at the depot for some reason, but it pulled by without stopping and the special policemen and city workmen commenced to carry the planks and place them across the tracks. A few of the boards were nailed down and to make the street a legal crossing J. G. Brudi drove one of the Bloomingdale delivery wagons across. He was followed by Grant Archer in his milk wagon and then came the patrol wagon. Messrs. Brudi and Archer turned around and drove back. By this time Master Mechanic Mitten, Yardmaster Aiken and Agent Flynn were on the scene, having ridden up on the Lake Erie and Western passenger train. The train stopped on the crossing and Mayor Scherer and Superintendent Gorsline ordered the conductor and engineer to move on or make themselves liable to arrest. Not being a Lake Shore train Mr. Mitten did not care to make trouble for the crew and also gave the engineer an order to move. Later a switch engine was put to work, but as fast as cars were left over the crossing the north side citizens would push them away and finally on the advice of Hon. R. C. Bell, attorney for the Lake Shore railway, who had been advised of the action of the board of works and hurried to the [illegible] one, a switch engine was [illegible] forth men and engineer that if the crossing was blocked five minutes the crew would be arrested and every three or four minutes the train would pull off and the patrol wagon or some other vehicle would drive across. The workmen were busy most of the forenoon placing the planks for the crossing and it is the intention of the board of works to have the approaches finished at once.

Senator Bell was indignant at the action of the city and asserted that an agreement had been violated, but Mayor Scherer said that he had acted on the advice of the city attorney and would stand by his action. Special policemen will be stationed at the crossing day and night until the courts have made a final decision and persons who make any attempt to tear up the track will be arrested. Affidavits will also be filed against any train crew which blocks the crossing more than five minutes at a time.

Hundreds of citizens were on hand to see the opening and there was a tremendous cheer when Mr. Brudi drove over the crossing the first time.

TWO ARRESTS MADE.

Shortly after 2 o'clock this afternoon Yardmaster Aiken and Fireman Rome Masters, who was on the switch engine, were arrested by Superintendent Gorsline on a charge of obstructing a highway. They were taken to the police station in the patrol wagon and there gave bond for their appearance in police court.

MRS. FORD WAS ACQUITTED

SOME SENSATIONAL EVIDENCE GIVEN IN THE CASE.

Woman Tells That the Beer Given Murphy Was "Doped"—Court News.

The evidence in the case against Mrs. Elizabeth Ford was all in yesterday and after short arguments Judge O'Rourke rendered a verdict of acquittal. He said that there were many peculiar circumstances about the mysterious disappearance of Murphy's money. Mrs. Ford testified that she went to a drug store and bought some drug on the order of Dr. Hickman and that this drug was placed in a glass of beer which was given to Murphy. She said she believed the drug was "dope." Murphy had $200 in the morning and the fact that he had only $64.45 when the Fords went through his pockets leads the officers to believe that he had been robbed before he visited the barber shop. The police have not dropped the investigation and expect to find new evidence against persons other than Mrs. Ford.

NOTES.

Mrs. Hasenfuss will be taken to the Woman's Reformatory at Indianapolis next Monday by Ferdinand Oetting. At the same time Will Futter will take George Dubois, an incorrigible lad, to the reformatory at Plainfield. This afternoon Mayor Scherer took Jay L. Keplinger to Michigan City.

DESPERATE FIGHTING ON THE ISLAND OF PANAY.

AMERICANS WERE ENTRAPPED

REBELS SURROUND A RECONNOITERING PARTY.

WOUNDED LEFT ON THE FIELD

A REPORT THAT AGUINALDO MAY BE DEAD.

Manila, May 3.—A dispatch received here today from Iloilo reports that a desperate fight took place at Leambano in the center of the island of Panay. It appears that a reconnoitering party of the Twenty-sixth infantry was surrounded and that four of the Americans were killed and that sixteen others severely wounded were left on the field. The remainder of the soldiers had a narrow escape.

The dispatch adds that reinforcements were sent from Iloilo as soon as news of the affair was received, whereupon the Filipinos retreated to their mountain stronghold.

AGUINALDO REPORTED DEAD.

Manila, May 3.—General Funston has discovered a rebel warehouse near Cabanutuan, Province of New Egija, containing all the archives of the Malolos government, Aguinaldo's correspondent up to the time of his flight, and much valuable historical matter.

In support of the belief that Aguinaldo was killed by the Igorottes, it is pointed out that there is no proof that he has been alive since Major March of the Thirty-third regiment abandoned the chase after the Filipino leader in the Benguet mountains. An insurgent officer who recently surrendered to General Young says, however, that the insurgent General, Tinio, held regular communication with Aguinaldo until December 28, since when he has heard nothing from him. Tinin, this officer says, thinks Aguinaldo would find means to communicate with him if alive.

Major March's information was that there were only a half dozen soldiers with Aguinaldo when he fled beyond the Bontoc wilderness, where the savages are hostile to all strangers.

Friends of Aguinaldo's wife assert that she has heard nothing from him since they parted. She is nearly prostrated with worry, and therefore has not been informed of the death of her child, which she thinks is with friends at Bacoor.

The Sultan of Sulu, with a retinue, including several of his wives, has sailed for Singapore, obtensibly on a religious mission.

A Hongkong dispatch to a Manila paper says the Sultan has gone to Singapore in order to protest to the British against the Americans establishing a tariff against imports, claiming that it is a violation of the treaty of 1877 between Spain, Great Britain, and Germany, Germany guaranteeing the Sulu Islands free trade. The Americans, the Sultan says, have established a tariff nearly doubling the prices of tobacco, rice, and the Sulu staples of life, most of which are imported from Singapore.

The Filipino crew of the steamship Escano recently mutinied in the channel between Cebu and Leyte and killed the captain, the mate, and the owner, Senor Escano and his son. The mutineers then scuttled the ship and escaped to the Leyte mountains with $28,000.

MEET IN GOSHEN.

There will be a meeting of the St. Joseph classis of the English Reformed church at Goshen, commencing next Wednesday. The classis include the districts of Northern Indiana and Southern Michigan and it is expected that there will be a large attendance. In connection with the annual meeting, there will be a meeting of the Ladies' Missionary societies of the church on Thursday. The sessions will continue until Saturday morning and much important business will be transacted. Rev. and Mrs. A. K. Zartman will attend.

FACT AGAINST FICTION.

REASON AGAINST SUPERSTITION

Anyone who will take the time to investigate Dr. Dorment's Vaporizer and his method of treatment will find that it is the most reasonable and sensible method that they have ever seen. And anyone who gives his Vaporizer a fair trial will find that it is all that he claims for it. It applies antiseptic and healing remedies to all the diseased surfaces of the air passages in the head, throat and lungs as directly and as thoroughly as you can apply an ointment to a sore finger. As a prevention, relief and cure for all diseases of the air passages this instrument has no equal. Mr. Meyer, of the old drug firm of Meyer Bros. & Co., says: "From what I have seen of Dr. Dorment's Vaporizer, and the reports which I have heard from those who have used it, I do not hesitate to recommend it and to guarantee it. To anyone who buys one at my store I will refund the money if it is not entirely satisfactory."

A guarantee from such a firm needs no further proof.

The First Baby.

When baby comes to the home it will bind the wife closer to the husband, or it will gradually tend to cut her off from his companionship. A sickly mother loses in physical charm, and often in temper and disposition. A fretful child is a trial even to loving parents. The use of Dr. Pierce's Favorite Prescription prepares the wife for motherhood. It strengthens the body, and induces a healthy condition of mind, free from anxiety or fear. It makes the baby's advent practically painless. The mother being healthy her child is healthy, and a healthy child is a happy child, a joy to the parents, linking them together with a new bond of affection.

There is no opium, cocaine or other narcotic in "Favorite Prescription."

"I read what your medicine has done for other people," writes Mrs. Edwin H. Gardner, of Beechwood, Norfolk Co., Mass., Box 75, "so thought I would try it, and I found it a blessing to me and family. I took your medicine a year when I had a ten pound girl. I had the easiest time I ever had with any of my three children, and I have been very well ever since. I took three bottles of 'Favorite Prescription,' three of 'Golden Medical Discovery,' and three vials of 'Pellets.' Before I took your medicine I only weighed 135 pounds, and now I weigh 175 pounds."

Those Mud Hens from Toledo prepared for the hatching season Wednesday and presented Jack Glasscock's base ball team with nine huge goose eggs. Jack knew that this was the season of the year to begin "settin'," but he didn't want goose eggs. They were presented to him in spite of himself. One Fred Cooke helped the presentation along in the eighth inning when he called two strikes on Brashear off balls which the Chinese giant could not have reached with a telephone pole. Two men were out, of course, and it is hardly probable Fort Wayne would have won the game, but had Brashear gotten what he was entitled to the bases would have been filled with Krueger and Letcher to follow at the bat. Goose eggs are all right in their place, but with good umpiring they would not have been dished up to Fort Wayne yesterday.

The game was the best of the season. Drummey and Joss were opposing twirlers and for six innings the Fort Wayne men had the best of it. In the seventh, however, Smith and Schills made singles and were sacrificed along by Griffin. Then Joss won his own game by batting both base runners across the plate with a two-bagger to right center, which Kleinow and Letcher failed to reach. In the ninth, after Smith had fouled out, Schils and Griffin singled and scored on Hanaford's two-bagger. The catcher scored on Hartman's single after Joss had flied to Drummey. This made five earned runs and they were scored on as pretty a bunching of hits as was ever seen in a game. Only twice in the game did Fort Wayne have men on third, and this was after two men were out. Score.

NOTES OF THE GAME.

Mansfield comes tomorrow and Fort Wayne ought to win from Lowney's gang of bluffers.

In the first series of three games Fort Wayne scored as many runs as the Daytons, 31, but lost two of the games.

Toledo is now perched alone at the top of the Interstate ladder. The Mud Hens have been there at some part of every season since the Interstate league was organized.

Fred Cooke must pick up on balls and strikes or he will not make a success as an umpire in the Interstate. Some of his decisions yesterday were very "buff."

A telegram was sent to Frank Foreman asking for his terms last night. Fort Wayne is after Guese and a well known pitcher who is now with a National league team. Ream writes that he is still in bed and can't tell when he will report.

"Lizzie" Beck was in evidence again yesterday, but this time it was not his bat which counted. He fielded at second base like a Bierbauer and accepted thirteen chances. In the ninth Kleinow hit a high ball (not one of those on sale in bar-rooms) and Beck got under it only to drop the sphere. He picked the ball up and threw to Hanaford and caught Letcher, who had not started for second. This saved the German from being credited with an error. The Fort Wayne management ought to induce some American league team to buy Beck and pay part of the purchase price out of the Fort Wayne treasury. With him out of the game Fort Wayne might win once in a while from the Mud Hens.

DEATH HAD TAKEN DAUGHTER

BEFORE THE PARENTS COULD REACH HER BEDSIDE.

Mrs. David F. Erwin Expired This Morning—Other Deaths and Funeral Notices.

Mrs. Mildred Erwin, wife of David F. Erwin, expired at 5 o'clock this morning at her home, 14 Custer avenue. Her illness had been of two months' duration and death was due to a complication of diseases. Yesterday her condition grew critical, and her parents, Mr. and Mrs. C. H. France, were summoned from Cleveland by telegraph. They arrived this morning, too late to see their daughter alive.

Mrs. Erwin's age was 35 years, 5 months and 25 days, and surviving her are the husband and two children—a baby boy 8 months old and a daughter of 16 years. The bereaved husband is a Nickel Plate bridge carpenter.

The funeral announcement will be made later.

M'DOLE.

Mrs. Lucretia McDole, wife of H. G. McDole, of 73 Home avenue, died Wednesday evening at St. Joseph hospital. Mrs. McDole was removed to the hospital to undergo an operation for obstruction of the bowels, but could not survive the shock. She was 37 years of age and a member of the Pathfinders' fraternity.

The funeral services will be held from the residence Friday morning at 9:30, and the remains will be shipped to Wauseon, Ohio, for interment at that place.

FUNERAL ANNOUNCEMENTS.

Cumpston.—The remains of the late Charles B. Cumpston, who died at Moosejaw, N. W. T., reached the city at 7:35 last evening and were taken to the Peltier undertaking establishment. This morning they were conveyed to the home of Mrs. Cass Miller, 161 Harmer street, an aunt of the deceased, where the funeral services were held this afternoon under the direction of Home lodge, F. & A. M.

Wehrenberg.—Funeral services of Adelia Wehrenberg will be held from the residence, 192 Madison street, Friday afternoon at 2 o'clock, Rev. Miller officiating.

'TWAS A HOT TIME.

The board of works yesterday afternoon awarded the contract for the paving of Court and Berry streets to the Barber Asphalt company. Members of the Land and Improvement company, who had originally petitioned for sheet asphalt on West Main street, were present and said they wanted creosote block. Messrs. Eggemann and Kane were of the opinion that the contract should be awarded to the Asphalt company inasmuch as there had been no creosote bids, but Mr. McCracken wanted the bids thrown out and was quite bitter in his language toward the other members of the board, who were not unwilling to talk back. The air was blue for a few minutes, but the matter was finally taken under advisement.

HOUSE PASSED HOMES BILL

THE MEASURE GOES THROUGH WITHOUT DIVISION.

Time Fixed in the Senate for a Vote on the Clark Case—A Warm Personal Tilt.

Washington, May 3.—The house today passed the free homes bill without division.

NICARAGUA BILL PASSES.

The house yesterday, at the conclusion of the most story debate of the present session of congress, passed the Nicaraguan canal bill by the overwhelming vote of 225 to 35.

IN THE SENATE.

Washington, May 3.—The senate today agreed to a motion by Mr. Hoar to take up the resolution declaring W. A. Clark was not duly elected a senator from the state of Montana. Then in accordance with Mr. Hoar's suggestion further consideration was postponed until one week from today. There was a lively tilt between Mr. Stewart, of Nevada, and Mr. Chandler, of New Hampshire, over what Mr. Chandler designated as Mr. Stewart's threat to have the three volumes of testimony in the Clark case read to the senate. Mr. Stewart denied that he had threatened anything of the kind.

SUFFERING AND RELIEF

Three Letters from Mrs. Johnson, Showing that Lydia E. Pinkham's Vegetable Compound Cures the Ills of Women

Wrote for Mrs. Pinkham's Advice November, 1897

"DEAR MRS. PINKHAM:—I am a great sufferer, have much trouble through the lower part of my bowels, and I am writing to you for advice. Menses are irregular and scanty, am troubled with leucorrhœa, and I ache so through my back and down through my loins. I have spells of bleating very badly, sometimes will be very large and other times very much reduced." MRS. CHAS. E. JOHNSON, Box 33, Rumford Center, Maine, Nov. 20, 1897.

Improvement Reported December, 1897

"DEAR MRS. PINKHAM:—I wish to tell you that I am improving in health. I am ever so much better than when I wrote before. The trouble through the lower part of bowels is better and I am not bloated so badly. I was very much swollen through the abdomen before I took Lydia E. Pinkham's Vegetable Compound. I still have a feeling of fulness across my chest. I have used three bottles of it and am on the fourth."—MRS. CHAS. E. JOHNSON, Box 33, Rumford Center, Maine, Dec. 13, 1897.

Enjoying Good Health June, 1899

"DEAR MRS. PINKHAM:—Since a year ago I have been taking your medicine, and am now strong and enjoying good health. I have not been so well for three years, and feel very thankful to you for what Lydia E. Pinkham's Vegetable Compound has done for me. I would advise all who suffer with female troubles to try your medicine."—MRS. CHAS. E. JOHNSON, Box 33, Rumford Center, Maine, June 1, 1899.

SHERIFF'S SALE.

No. 13140.

August C. Krueger vs. Henry W. Ninde et al.

In the Allen Circuit Court, State of Indiana.

By virtue of an order of sale, to me directed and delivered by the Clerk of said Court, in the above entitled cause, I have levied upon and will expose for sale by PUBLIC AUCTION, at the Court House Door, in said county, between the hours of 1 and 4 o'clock p. m., of the 19th day of May, 1900, the rents and profits for a term not exceeding seven years, of the following described premises, viz:

Lots Sixteen (16), Seventeen (17), Eleven (11), Twelve (12), Three (3), Four (4), Thirty-one (31), Fifty-one (51), Fifty-two (52), and Fifty-three (53), Old Orchard addition to the City of Fort Wayne, Allen County, State of Indiana, according to the plat of said addition recorded in Book One (1), Page 35, of the Plat Books of said County.

And on failure to realize therefrom the full amount of the judgment, interest thereon, and costs, I will at the same time, and in the manner aforesaid, offer for sale the fee simple of the above described premises. Taken as the property of the defendant to satisfy said Order of Sale.

ALBERT E. MELCHING,
Sheriff Allen County.

The following officers have been elected by the butchers' union: President, Charles Jacobs; vice president, Charles Wilkins; secretary, Gabe Shaw; treasurer, Gottlieb Haller. Charles Cown was elected trustee for a term of three years.

Mesdames Durling and Barr, of Kendallville, have sent invitations to the Rome iCty club, of this city, to meet at the home of Mrs. Durling Thrusday, the 19th. The invitations are in verse and the replies are to be written in the same manner.

On Monday evening Rabbi Frederick Cohn lectured before a large audience in the M. E. church at Muncie, Ind., of which Rev. L. J. Naftzgar is pastor. His ubject was "The Greatest Jew of the Nineteenth Century," the lecture being in the nature of a memorial of the late Rabbi Wise of Cincinnati. Rabbi Cohn was tendered a reception in the vestry rooms of the Jewish synagogue after the lecture and the sum of $150 was pledged for the Isaac M. Wise memorial fund.

The members of the Automobile club held their final meeting for the season at the home of Mr. and Mrs. James Ligget, on Columbia avenue, Wednesday evening. The first prize in progressive pedro was won by Mr. Henkenius and the booby was awarded to John Pfeiffer. The awarding of the final grand prizes to the winner of the most games in the series played during the season took place, and Peter Henkenius and Mrs. Walschmidt were the fortunate ones.

The commercial department of St. Mary's school, corner of Jefferson and Lafayette streets, will hold their annual commencement on Friday evening. The exercises will consist of music by the St. Mary's school orchestra, and addresses by members of the school faculty. The presentation will be made by the secretary, Attorney F. H. Kleekamp. The graduating class consists of Messrs. Edward Violand, Lawrence Bauer, Hubert Berghoff, Albert Freistroffer, Edward Lampke, Charles Brink, Frank Luly and Joseph Schwartz.

There will be a congregational meeting of members of the Third Presbyterian church this evening for the purpose of devising plans for raising money to build the new church, and to start a building fund. A building committee will be appointed and a number of drawings of churches will be shown from which a selection will probably be made. The sale of the church property will be formally ratified, and such other business as may come up in connection with the proposed new church edifice will be transacted. A full attendance of members is desired at

The T. A. T. club will give a dance in Hanker's hall tonight.

Miss Estella Martin and Edward J. Schroeder were united in marriage at the home of the bride's father, Frank Martin, in Perry township, on Tuesday. Rev. Father LaFontaine performed the ceremony. Among the gifts to the young couple was a 160-acre farm from the bride's father.

A WOMAN'S AWFUL PERIL.

"There is only one chance to save your life and that is through an operation" were the startling words heard by Mrs. I. B. Hunt, of Lime Ridge, Wis., from her doctor after he had vainly tried to cure her of a frightful case of stomach trouble and yellow jaundice. Gall stones had formed and she constantly grew worse. Then she began to use Electric Bitters which wholly cured her. It's a wonderful Stomach, Liver and Kidney remedy. Cures Dyspepsia, Loss of Appetite. Try it. Only 50 cts. Guaranteed. GOLD MAGINATES HERE.

Several of the heaviest stockholders of the Dahlonega Gold Mining company were holding a meeting at the Randall hotel last evening, on their return from the south, where they have been inspecting the property. The party were Frank G. Thomson and G. H. Breyman, of Toledo; J. S. Rosenthal, of Delaware, Ohio, and Dick Townsend, of Decatur.

HIGH SCHOOL FIELD DAY.

The Fort Wayne high school and Auburn high school will hold a field day at the Driving park on May 25 or 26, the exact date to be decided within a few days. A meeting of the students will be held one week from Saturday, at which teams of three will be selected to compete in each event. The sports will include running races, bicycle races, jumping, putting the shot, obstacle races and other events. The Auburn school has a strong athletic team, but our boys are confident that they can put a team in the field that will defeat all comers.

A CASE OF "TREMENS"

Can be Brought on by Coffee.

"It is a well-known fact that one can bring on delirum tremens just as surely by the excessive use of coffee as of whiskey, and the coffee habit is just as much a condition of slavery as the whiskey habit. To be sure, if one has constitution enough to stand the effects of either coffee or whiskey and prefers to continue their use, that might be a question for them to decide." So says Mrs. Amy K. Glass of Rolfe, Ia., who continues: "My mother never drank coffee until in middle life. It produced an obstinate case of dysentery, which could not be checked until she gave up coffee. She is now sixty-five years old and welcomes the Postum Cereal Food Coffee for a warm drink at breakfast. It has made her well and ruddy where before she was ill and lacking the appearance of good red blood, which she now shows.

"I regard Postum as the greatest blessing to mankind. It is a curious condition to her temperance lectures talk to people about the liquor habit, when frequently they themselves are slaves to the coffee habit."

Postum Cereal Food Coffee, when thoroughly boiled, yields a perfect breakfast beaverage, beautiful in its rich golden brown color, with ripe, crisp, toothsome flavor, while the ingredients are such that nervous systems are built up by the action of small molecules of Phosphate of Potash obtained from cereals, without which the system cannot make brain matter and the gray substance that fills the nerve centers all over the body The discontinuance of coffee and the change to Postum Food Coffee therefore works at both ends, for the good of the user.

A small piece of butter the size of two peas, placed in the pot, will prevent Postum from

WEDDED AT HOME.

A pretty wedding took place at the home of the bride's parents Monday evening, when Miss Emily Schwartz became the wife of Seely W. Bell, of Minneapolis. Rev. A. K. Zartman performed the ceremony in the presence of a few relatives and intimate friends, after which an elaborate wedding supper was served. Mr. Bell has resided in the city for about a year and has been in charge of the wiring of the new court house. Mr. and Mrs. Bell will make their home with the bride's parents, Mr. and Mrs. Frederick Schwartz, for the present.

CRITICAL PERIODS

In Woman's Life Are Made Dangerous by Pelvic Catarrh.

Mrs. Mathilde Richter.

Mrs. Mathilde Richter, Doniphan, Neb., says:

"I suffered from catarrh for many years, but since I have been taking Peruna I feel strong and well. I would advise all people to try Peruna. As I used Peruna and Manalin while I was passing through the change of life, I am positively convinced your beneficial remedies have relieved me from all my ills."

Peruna has raised more women from beds of sickness and set them to work again than any other remedy. Pelvic catarrh is the bane of womankind. Peruna is the bane of catarrh in all forms and stages. Mrs. Col. Hamilton, Columbus, O., says: "I recommend Peruna to women, believing it to be especially beneficial to them."

General Otis has sent word to friends in Rochester, N. Y., that he expects to arrive in that city June 15, and the Rochester Democrat and Chronicle suggests a city holiday and a public reception. This would all happen just four days before the opening of the Philadelphia convention, at which a vice president must be nominated.

People who advocate woman suffrage as a means of making things better here below will be pained at the feminine amenities introduced in a local election at Weisner, Idaho, where women vote. Mrs Martinson, electioneering at the polls, called Miss Harris, also there and engaged in the same work, a "China-faced hag." In the "mix-up" which immediately followed both ladies lost some hair and some hide. The jury which tried them when they had each other arrested was composed entirely of women, and after they retired to deliberate the bailiff was unable to force the door quick enough to prevent more hair-pulling and scratching among the jurors. When brought into court they reported a disagreement.

The prohibitionists of Indiana have nominated a good man for governor. Mr. Charles N. Eckhart, of Auburn, is a strong, clean, conscientious man and a fine gentleman. He is a business man of highest character and an honest and vigorous champion of prohibition of the liquor traffic. He will be a powerful help to the work of the party in this state. He is the proprietor of the Auburn Carriage works. He is a high-minded Christian and liberal to excess in use of his means to do good to his fellowman. Our fellow townsman, Mr. James E. Graham, was nominated for judge of the supreme court of Indiana for the fourth district, and if he is not going to be elected he at least ought to be. Mr. Graham is one of the wheel-horses in the prohibition party and he never gives up hope that the great principle of his party will ultimately triumph.

Why is it that so many brewers and distillers are opposed to the enactment and enforcement of pure food laws? This is not true of all brewers and distillers, but it is a singular and striking fact that wherever pure food legislation and laws for the prevention and punishment of adulteration are proposed the brewing and distilling interests are the head and front of the lobbying against it. There ought to be most stringent requirements for the manufacture of pure distillery and brewery products. Alcoholic stimulants, when pure, are bad enough, but when they become the adulterated products which comprise the bulk of the stuff sold to drinkers they are poisons rank and deadly Men who persist in drinking ought to do some lobbying for the "pure stuff." In Fort Wayne, as elsewhere, some of the brightest minds are being wrecked and strong, vigorous manhood sapped and enervated by the nefarious stuff sold as beer and whisky. Pure cereal alchohol will kill if used excessively, but the poisonous product that enters so largely into the composition of modern stimulants will work evil to health if used at all.

The house Monday passed, by a vote of 144 to 26, Mr. Lacey's bill to enlarge the powers of the department of agriculture and to prohibit interstate commerce in game killed in violation of local laws. The secretary of agriculture is authorized to promote the introduction and restoration of desirable birds, to prevent the introduction of undesirable birds and to prohibit the killing of game birds in violation of law in one state for the purpose of secret shipment to other states. The passage of the bill by so large a vote shows that it is in accordance with public sentiment. The people of the United States desire the preservation of certain birds and they desire the extermination of certain other birds, but up to this time they do not appear to have been able to have their own way about it. They have witnessed, within a few years, in this and many localities, the disappearance of once familiar songsters and the invasion of a horde of dingy sparrows, and have been apparently powerless in the premises. They cannot have the birds they want and must, perforce, have those they do not want. It is to be hoped that Mr. Lacey's bill will be come a law and that it will be enforced with such stringency as to demonstrate the possibility of restoring many varieties of songbirds that have almost disappeared.

H. P Fallenweider has made quite a study of the ways in which different churches are run. He has the following article in the Chicago Interior on one of the evils: "As the church is organized and working today she never will reach the masses. It is impossible. The church is like a man who, although born among poor and reared in a tenement district among poor and unlettered people, has become rich, educated, cultured, and moved out upon the boulevard. His old associates never think of calling on him or associating with him. The church was once poor, its founder was a homeless pilgrim, its first membership largely slaves. The reformation began among the common rabble, and down to within a short period that church has moved and labored and blessed the multitude. It may not be its fault that wealth and culture, refinement and prosperity are its portion today. We may not blame it for going away from the very class who once sang its hymns and said its prayers and rejoiced in the house of God. But that it has moved, grown away from them, there is no doubt. What is the remedy? First, the church must be awakened to see and to do the commands of Jesus to the poor and distressed multitude. Or, second, a movement will take place among the masses independent of the present organized form of Christianity, a move that will have a power, and that power eternal, which has in the past shaken with fear both the world and the church."

SACRED LETTERS FOUND.

A Rome correspondent says that letters from King Agrippa to Christ and the Savior's reply have been discovered after having been lost for 903 years. Prof. Bohrmann of the Vienna University announced the discovery to the Archeological congress at Rome, asserting that the letters were found carved on stone in the ruins of the old gateway of Epirus. The existence of the letters was first asserted by Eusebius in the fourth century. Following are the letters as translated from the Syro-Chaldaic characters: "Agrippa to Christ: I have heard of Thee and the cures wrought by Thee without herbs of medicines, for it is reported that thou restorest sight to the blind and makest the lame to walk, cleansest the leper, raisest the dead, castest out devils and unclean spirits and restorest to health those tormented with disease of long continuance. Hearing all this of Thee, I am fully persuaded Thou art the very God come down from heaven to do such miracles, or that Thou, the son of God, performeth them. Wherefore I have sent Thee a few lines entreating Thee to come hither and cure my disease. Besides, hearing the Jews murmur against Thee and continue to do Thee mischief, I invite Thee to my city which is but a little one, but beautiful and sufficient to entertain us both."

Christ's reply was as follows:

"Blessed are thou, believing Me whom thou hast not seen, for it is written of Me: 'They that have seen Me shall not believe, they that have not seen Me shall believe and be saved,' but concerning the matter thou hast written about, with this I acquaint thee, that all things for which I was sent hither must be fulfilled Then I shall be taken up and return to Him who sent Me, but after My ascension I shall send one of My disciples that shall cure thee of thy distemper, and give life to all them that are with thee."

WILL MAKE A TOUR OF EUROPE

MANY FORT WAYNE PEOPLE TO GO ABROAD.

Some of Those Who Will Spend the Summer Across the Big Pond —Some Have Gone.

The present season will find considerably more than the usual number of Fort Wayne people in Europe. The Paris exposition has added its drawing qualities to the inherent desire on the part of most people to see Europe, and the improved business conditions have made it possible for a larger number than usual to take the trip this year. Not all will visit Paris, for a goodly number are going direct to Germany, while other points will also attract visitors.

Col. and Mrs. Robertson, Mr. and Mrs. L. W. Johnson, Mr. and Mrs. A. Fuelber and Dr. and Mrs. Schilling are already there, and among others who are preparing to go are H. C. Hanna, William Geake, A. B. Jackson, Miss Susie Merz, C. Ehrman, E. J. Jabas, L. F. Curdes, H. W. Mordhurst, William Eichles, John Reidtmiller, Carl Albanus, Mr. Rippe, L. Younge, S. Barnard, A. Swift, J. Wessel, J. Kline, John O'Ryan, Miss Clara York, Nicholas Clusseroth, Miss Caroline Kraack and Charles Hoffman.

PLATFORM DEALS WITH THE QUESTION.

Indianapolis, May 3.—The prohibition state convention in session at Plymouth church yesterday nominated the following ticket:

Governor—Charles N. Eckhart, of Auburn.

Lieutenant Governor—Rev. Robert H. Clark, of Evansville.

Secretary of State—Dr. R. E. Pretlow, of Thorntown.

Auditor of State—Rev. M. B. McKinsey, of Frankfort.

Treasurer of State—Edwin Hiatt, of Henry county.

Attorney General—M. H. Krauss, of Peru.

Reporter of Supreme Court—Isaac S. Wade, of Lafayette.

State Statistician—Henry S. Bonsib, of Vincennes.

Superintendent of Public Instruction—B. W. Ayres, of Taylor university.

Judge of Supreme Court, First District—C. B. Kessinger, Vincennes.

Judge of Supreme Court, Fourth District—James E. Graham, of Fort Wayne.

THE PLATFORM.

The platform, among other things, had this to say on the canteen question:

"We denounce the annullment of the anti-canteen law by the president and members of his cabinet, as being unjustifiable in law, and revolutionary and unpatriotic in principle.

"We charge President McKinley with moral cowardice in refusing to exercise his authority as commander in chief of the army to abolish the sale of liquor in the army canteen, and to prohibit its importation into our newly acquired territory; however we may differ as to the wisdom of expansion of territory, we are unalterably opposed to the expansion of the liquor traffic into our new possessions, thus debauching our soldier boys and debasing and driving from the acceptance of our civilization the people to whom we should extend only the benefits of our Christian citizenship. We, therefore, invite the thousands of loyal citizens who have ineffectually petitioned the president to thus exercise his authority, to join us in a more practical and effective protest at the polls."

The reading of the platform was followed by considerable discussion and the woman's suffrage question was brought up. Some thought there should be specific mention of the question, but Chairman Newlin pointed out that the right of women to vote was covered in the third article of the platform, which says.

"For the accomplishment of this clearly defined purpose we invite to party co-operation all those who agree with us on this issue, and we most confidently believe that the party, thus constituted, will eventually succeed to power, and will be endowed with the requisite wisdom, patriotism, courage and ability to enact and enforce legislation which shall not only relieve us of the national crime of the legalized saloon, but will adopt constitutional amendments which will give to the people some direct power in legislation and in the election of national, legislative and executive officials, and give to us a new standard of citizenship, based upon intelligence and education, instead of on the unjust definition that has prevailed in the interpretation of Section 2, Article 4, and Section 1 of Article 14 of the Constitution of the United States."

The platform was adopted by a standing vote. The morning session was closed by Quincy Lee Morrow, who made a spirited talk in the interests of prohibition. He asserted that if the right kind of work was done the party will poll 25,000 or 30,000 votes at the next election. Mr. Morrow said it would require $5,000 to carry on the campaign in this state. A number of men gave substantial subscriptions on the strength of Mr. Morrow's statement.

HOUSE WARMING.

Secretary F. L. Crall, of the Wayne Fishing club, has notified the members of that association that the grand opening and house warming of the new club house will positively occur this week, commencing on Saturday evening. This event has been postponed a number of times in the past month for different reasons, chiefly on account of the fact that some of the members were unable to get away. The furniture has all been put in and the club house is one of the best equipped in the state. Each member will be expected to bring two friends. The officers of the club are: Ed. M. White, president; L. A. Randall, vice president; F. L. Crall, secretary, and Dave Eckart, treasurer.

NATIONAL TICKET NOMINATED.

Rock Island, Ill., May 3.—The newly formed United Christian party launched its national ticket and formulated its platform here yesterday. Rev. S. C. Swallow, of Harrisburg, Pa., is the nominee for president, and John G. Woolley, of Chicago, is his running mate. The platform declares for the initiative and referendum and for political, social and economic equality of the sexes; declares against war and demands arbitration of national and international disputes; urges the immediate abolition of the manufacture and sale of intoxicating liquors as a beverage; demands the enactment of laws prohibiting the sale of tobacco to minors, urges daily reading of the Bible in the public schools and institutions of learning controlled by the state, declares for government ownership of public utilities and favors the election of president, vice president and United States senators by popular vote of the people.

NOTHING BUT FACTS.

NO DECEPTION USED IN TALKING ABOUT MORROW'S KID-NE-OIDS.

The Arguments in Their Favor Come From Those Who Have Tested Their Merits.

There is no deception in anything we publish about Morrow's Kid-ne-oids.. All of our statements are facts and are from people all over the state. People in all walks of life are using and recommending Kid-ne-oids, because they cure Backache, Nervousness, Sleeplessness and General Debility, in cases where other remedies have failed.

We ask you to read the following statement from Abram Abrams, Greencastle, Ind., who says: "For the past fifteen years I have been afflicted with kidney trouble and I can truthfully say that I have practically received no benefit whatever from the many different preparations and remedies for kidney disorder that I have used; recently I tried a remedy that helped me for a few days and I was inclined to recommend it, but almost as quick as thought the trouble returned and with redoubled force; this showed that the remedy was positively no good for me. I obtained Kid-ne-oids and used them according to directions; they helped me from the start and today I have no backache at all and no urinary disturbances; I can keep my bed all night and I used to be obliged to rise five or six times during the night; this of course broke my rest as well as being very weakening. I feel safe in saying that I can recommend Morrow's Kid-ne-oids to anyone."

Kid-ne-oids are for sale at Ranke & Nussbaum's Drug Store.

FIRE AT DECATUR.

EGG CASE FACTORY BURNED TO THE GROUND.

LOSS WILL REACH $20,000

TWO MUNCIE INFANTS HAVE STRANGE POWERS.

A BABE THAT IS A MEDIUM

GENERAL NEWS OF THE STATE OF INDIANA.

Decatur, Ind., May 3.—Fire broke out in the Decatur Egg Case company's factory in the south end of the city yesterday while the men were at dinner. The flames soon spread to the adjoining buildings and dry kilns, and the fire company soon was powerless, and turned its attention to the surrounding property. The district is very thickly populated, and at least twenty small fires were put out. The loss of the Decatur Egg Case company aggregates $20,000.

DISEASE OF THE BLOOD.

Liberty, Ind., May 3.—Carson Haworth, manufacturer of farm machinery and engaged in farming, died suddenly Tuesday night at his home, south of this place. He was found lying in a field where he was plowing. Mr. Haworth's grandfather, father and an uncle died some years ago under the same conditions. Physicians pronounced it a disease of the blood vessels or veins, they gradually grow rotten, finally ending in a rupture of blood on the brain. Mr. Haworth was about 46 years old. He belonged to a family better known throughout the state and west perhaps than any other family in Union county. He leaves a wife and six children.

CHILDREN "POSSESSED."

Muncie, Ind., May 3.—People familiar with the household of D. E. Cripe, in this city, are astonished, and no less astonished than the family itself. The actions of the baby daughter, but 10 months old, is the cause. The child, though unable to speak a word, is said to be possessed of spirits that control its actions. One day last week a new slate was purchased for one of the older children. The baby was allowed to play with it. After the child had the slate a while it was opened and a communication similar to those received by mediums was discovered.

Thinking one of the older children might have written it, though the handwriting was unfamiliar, members of the family immediately made a test. Each time the baby was allowed to hold the slate, and each time a short message appeared on the inside. The thing mystifies the family. The babe's parents are not Spiritualists, and do not believe in Spiritualism. Day before yesterday, in the afternoon, another test, in the presence of a party of friends, was made. An entirely new slate was bought for the purpose. On being opened, after the child had held it, a short message from the dead relative of one of those present was read. The child, though intelligent for one of its age, has displayed no peculiar power up to this time.

Earl Cripe is a 3-year-old brother of the babe with wonderful powers, and he also appears to be aided by supernatural force, though in a different way from his baby sister. He seems at all times to be charged with electricity. If the lad's body be placed horizontally between two chairs, one of the chairs may be removed, and he will remain suspended in midair, his body perfectly rigid. The father of the two precocious children, though loth to believe it, is forced to the conclusion that they are controlled by an occult force. He says in a jesting way that he believes he will tour Indiana with them, giving performances.

ROBBED BY TRAMPS.

Logansport, Ind., May 3.—Jack Lynch, an employe at the Longcliffe Insane hospital, while returning to the hospital, Tuesday night, was assaulted and robbed by four tramps, on the Wabash railway bridge. The ruffians rifled Lynch's pockets, taking $10, and then threw him into the river below, a distance of thirty-five feet. The water was shallow, or Lynch would have been drowned. He was so badly hurt that he could scarcely move. He called for help, but it was five hours before he attracted the attention of a policeman, who pulled him ashore and called the ambulance.

WATERLOO EXCITED.

Waterloo, Ind., May 3.—Municipal politics are at fever heat in this place, and for the first time there are three municipal tickets for the town election this spring. The republicans and democrats each held their caucuses, and because they both nominated men who are in favor of having public improvements, such as electric lights, another faction, who oppose any improvements, announced that they would hold a citizens' caucus, and did so, nominating men who are on record as opposed to any public improvements. The election comes off next Monday, and at this time there will be a bitter contest. The principal issue is electric lights.

FIRE AT NEW PARIS.

Goshen, Ind., May 3.—Fire at New Paris yesterday destroyed the elevator and contents belonging to Byron B. Brothers of Goshen. The building was valued at $1,600, fully covered by insurance. Several thousand bushels of wheat stored there by farmers is a total loss. Mr. Brotners also lost a quantity of grain. Sparks from a Big Four freight engine ignited a shed adjoining the elevator. The whole town was threatened, many houses taking fire from sparks. The roofs of the Progressive church and Charles Rohrer's grocery suffered most before being extinguished. There is no fire protection in the town, and there was a man with a bucket on nearly every house till the danger was over. The total loss is between $3,000 and $4,000.

HORRIBLY BURNED.

Flora, Ind., May 3.—Mrs. Harriet J. Gillam, 75 years old, near Darwin, this county, is lying at the point of death from burns received while making a heroic effort to save her home from destruction. Her clothing caught fire, and every stitch, with the exception of her shoes, was burned from her body. Pieces of flesh dropped from her arms while she was being carried into the house. The house had caught fire from burning rubbish, but neighbors arrived in time to save the building. There is no chance for Mrs. Gillam's recovery.

ISLAND PARK ASSEMBLY.

Portland, Ind., May 3.—The management of Island Park assembly, at Rome City, is preparing for the annual meeting that will be held from July 25 to August 16. Last season 75,000 people visited the assembly, and a still larger number is looked for this summer. More than usual attention will be given to departmental work. Rev. W. F. Harding will have charge of the Biblical department; E. M. Clark will direct the music, and Mrs. Mary Balch will look after the affairs of the W. C. T. U., and will be aided by a number of special workers. Rev. M. F. Straight will again have charge of the Holy Land study from the model of Palestine, and Henry J. Becker will deliver occasional lectures. Miss Ella Keel, formerly of Fort Wayne, Ind., now of Boston, will teach physical culture, oratory and voice culture, and the kindergarten work will be under the supervision of Miss Jessie Goodwin, of Indianapolis. A number of special entertainments have been arranged for, and the usual special days will be observed.

OIL WONDER IN HUNTINGTON.

Montpelier, Ind., May 3.—An oil well just drilled on the D. Elliott farm in Huntington county by Thomas McDonald & Co. is yielding at the rate of 500 barrels a day, and there is great enthusiasm in that section of the Indiana field. A well producing 120 barrels a day has been drilled in Monroe township, Madison county, and another in Grant county ten barrels a day. The Phoenix Oil company has a new fifty-barrel well in Blackford county

A NEW JAIL AT PORTLAND.

Portland, Ind., May 3.—Work has begun on the new jail, which will be a handsome structure, and, under the the contract, will be completed October 1. The price is $29,000. The new building will contain twenty-eight cells, a hospital department, with sheriff's residence, and all of the latest devices for the safe-keeping of prisoners It will be of the colonial style of architecture, with a front of pressed brick.

A GIRL BADLY INJURED.

Kendallville, Ind., May 3.—Hazel, the 9-year-old daughter of Mr. and Mrs. Charles Crawford, caught her clothing on fire, Tuesday, while standing near a bonfire, and she was terribly burned before the flames were extinguished.

ONLY TWO LEFT.

Waterloo, Ind., May 3.—Waterloo now has but two saloons. A few weeks ago one was abandoned by the proprietor and bartender, leaving town to avoid paying a fine. Another saloon was burned out in the fire last week.

FOR WELL PEOPLE.

An Easy Way to Keep Well.

It is easy to keep well if we only observe each day a few simple rules of health.

The all important thing is to keep the stomach right and to do this it is not necessary to diet or to follow a set rule or bill of fare. Such pampering simply makes a capricious appetite and a feeling that certain favorite articles of food must be avoided.

Prof. Wiechold gives pretty good advice on this subject, he says: "I am 68 years old and never had a serious illness, and at the same time my life has been largely an indoor one, but I early discovered that the way to keep healthy was to keep a healthy stomach, not by eating bran crackers or dieting of any sort; on the contrary I always eat what my appetite craves, but for the past eight years I have made it a daily practice to take one of two of Stuart's Dyspepsia Tablets after each meal and I attribute my robust health for a man of my age to the regular daily use of Stuart's Tablets.

My physician first advised me to use them because he said they were perfectly harmless and were not a secret patent medicine, but contained only the natural digestives, peptones and diastase, and after using them a few weeks I have never ceased to thank him for his advice.

I honestly believe the habit of taking Stuart's Dyspepsia Tablets after meals is the real health habit, because their use brings health to the sick and ailing and preserves health to the well and strong."

Men and women past fifty years of age need a safe digestive after meals to insure a perfect digestion and to ward off disease, and the safest, best known and most widely used is Stuart's Dyspepsia Tablets.

They are found in every well regulated household from Maine to California and in Great Britain and Australia are rapidly pushing their way into popular favor.

All druggists sell Stuart's Dyspepsia Tablets, full sized pkgs. at 50 cents and for a weak stomach a fifty cent package will often do fifty dollars worth of good.

PROSPECTUS

OF THE

SIEGEL-COOPER CO. CO-OPERATIVE STORES,

NEW YORK AND CHICAGO.

Profit-Sharing with Our Patrons—Co-Operation with Our Employees.

Reasons for Consolidation.

The great success attained since 1887 by Siegel, Cooper & Co has induced and given warrant to the enterprising owners to further ingratiate themselves into public favor by consolidating their two mammoth establishments into a co-operative enterprise on a profit-sharing basis They recognize the tendency of the present age to be in the direction of co-operation of employers with employees, as well as in profit-sharing with patrons

The New Company

To accomplish this desired condition a new company, the Siegel-Cooper Co. (Co-operative Stores, New York and Chicago) has been incorporated under the laws of the State of New Jersey, with a capital stock of $24,000,000, of which $14,250,000 is divided into 285,000 shares 6% cumulative Preferred Stock of $50 00 par value, and $9,750,000 into 195,000 shares Common Stock of $50 00 par value

Dividends

The charter of the Company provides that after full dividends of 6% per annum have been paid on the Preferred Stock and full dividends of 3% per annum have been paid on the Common Stock, all additional dividends shall be apportioned and paid on the basis of 1/3 in amount on the Preferred Stock and 2/3 in amount on the Common Stock

Plan of Co-operation with Employees

To carry out the plan of co-operation with its employees, 32,000,000 of the Common Stock has been placed in trust, the annual dividends of which will be distributed among such employees as have been or may hereafter be with the New York or Chicago establishment for a period of three years, during their satisfactory continuance in the service of the new Company; such dividends will also be continued and paid to employees for life who, after ten years of service with the new Company, become incapacitated for further employment, thereby practically providing a pension fund for faithful employes in their old age

Profit Sharing with the Public

To carry out the plan of Profit Sharing it is proposed by the present owners who are the owners of all the stock of the new company, to offer to the public through the underssigned 200,000 shares (fully paid and non-assessable) of the 6% cumulative Preferred Stock at par, upon which the full 6% dividend must always be paid before the Common Stock receives any dividend whatever the Preferred Stock also having a prior right to all the assets of the company

Guarantee of Dividends.

In order to give double assurance to the general public, whom it is desired to interest as stockholders (instead of speculators) and who may not be fully conversant with such investments, the money required to pay dividends on said 200,000 shares has been set aside and will remain on deposit with the Central Trust Company of New York and the Illinois Trust and Savings Bank of Chicago respectively to secure the dividend of 6% per annum, payable 3% semi-annually, for a period of five years, i. e., until July 1st, 1905, on all such Preferred Stock as may be allotted in their respective territories, and each certificate of stock so allotted will have an indorsement by said Trust companies respectively to that effect We thereby offer not only an absolutely safe 6% investment, but one which will without question yield considerably more.

No Common Stock to Be Sold

Under no circumstances will any of the Preferred Stock not so allotted, nor any of the Common Stock, be sold, the present owners having no desire to sell out, but intending to remain with the business. they will therefore not part with any more stock than they believe necessary to fully carry out their plans for co-operation and profit-sharing, as previously stated

The owners confidently believe that, by inaugurating the liberal policy above outlined towards their employees, they will in return be rewarded by more faithful service and courteous attention to patrons, the result of which must be beneficial to the new company, as well as augment the continued good will of the public

The Influence of New Stockholders

Furthermore it can be calculated to a certainty that with many thousands of new stockholders exerting their personal influence toward the success and welfare of the business larger patronage and correspondingly greater earnings for the new company will be assured It is from the increased benefits and material advantages which these changed conditions are expected to bring about that the present owners feel confident of better pro-rata remuneration on the stock which they retain and in a measure justifies them in parting with any portion of their interests in an established and exceptionally profitable business

The Inaugural day of the New Company

The SIEGEL-COOPER CO Co-operative Stores will take possession Monday, July 2d, 1900, of the two great department stores of Siegel-Cooper Co New York, and Siegel, Cooper & Co., Chicago, in their entirety, covering a floor space of over thirty acres, with their millions of dollars' worth of Merchandise Store Fxtures, Delivery Plants (consisting of many hundreds of Horses Wagons, etc), Machinery, extensive Stable Properties and all appurtenances required for the complete operation of the two stores and also its palatial fireproof store building and real estate in New York City which alone represents an asset of many millions of dollars, free of all encumbrances or indebtedness whatever, so that the Siegel-Cooper Co (Co-operative Stores, New York and Chicago) will start its career without owing a single dollar

For the good and sufficient reason of not wishing to divulge the details of our business to our competitors we present no balance sheet for publication We do not, however, desire to ask our patrons or the public to rely exclusively on our representations, and therefore the money required has been set aside and will remain on deposit with the above named Trust Companies to absolutely secure the dividends on all the Preferred stock to be allotted as stated Moreover, we allude with pride to the fact that the Chicago establishment has since its inception paid millions of dollars in dividends to its stockholders, and that the New York establishment, while only in its fourth year, is not only doing a larger business than the Chicago store, but is also on a most profitable dividend paying basis We can also say for the benefit of subscribers that the net earnings of our two establishments for the past year were largely in excess of the amount required to pay the dividends on all the Preferred Stock of the new company

Profits Past and Prospective

There will be no change in the management, and the same men who thirteen years ago started the original Siegel, Cooper & Co. store in Chicago (and later its sister store in New York), and who have achieved a success almost without parallel in modern retailing, have pledged themselves to continue in the management of the business of the new company the same as in the past, and they will deposit with the Central Trust Company of New York all of their stock holdings for a term of years to secure such pledge

Management

Subscriptions for the 200,000 shares of the Preferred Stock will be received in person or by mail on blank forms provided for that purpose at the office of Siegel, Cooper & Co, Chicago, beginning at 10 A M, Monday, May 7th, 1900, and will continue for a period of one week; the right, however, is reserved to close subscriptions upon one day's notice in any one of the Chicago daily papers.

How to Subscribe for Stock

All subscriptions must be accompanied by money, check, money order or draft payable to Siegel-Cooper Co to the amount of 20% of such subscriptions (equal to $10 00 per share), for which proper receipts will be given

Notice will be given as soon as practicable of the number of shares allotted to each subscriber, and the balance due must be paid to the Illinois Trust and Savings Bank corner La Salle street and Jackson boulevard, Chicago, as agent of the vendors, on or before July 5, 1900, and said bank will thereupon make delivery of the stock delivered to it for that purpose, pursuant to the allotments thereof

Allotment

With a view of extending the benefits of our offer to as many of our patrons and the public as possible it is proposed to allot the stock in the following order namely

1st To all subscriptions for one share.
2d To all subscriptions for two shares.
3d To all subscriptions for three shares

And to continue in the same order for larger subscriptions until the entire 200,000 shares have been allotted

Respectfully,

SIEGEL-COOPER CO

A BIG STRIKE ON.

PHILADELPHIA TROUBLE HAS GROWN GREAT.

BUILDING TRADES QUIT WORK

SIXTEEN THOUSAND MEN ARE NOW INVOLVED.

BUFFALO STRIKE SETTLED

IT WILL COST THE CENTRAL $100,000 MORE A YEAR.

Philadelphia, May 3.—As a result of the action last night of the Allied Building Trades Council in refusing to recognize the Brotherhood of Carpenters because the latter agreed to work on buildings regardless of whether union or non-union men are employed thereon, so long as their union is recognized, the Allied Building Trades Council in retaliation this morning ordered out all its men wherever Brotherhood of Carpenters men are working. Secretary Allen , of the Building Trades Council, says that in consequence of this order about 12,000 additional men quit work after 8 o'clock this morning. This makes about 16,000 men in all employed in the building trades now on strike in this city.

This morning's order affects the exposition building, where hundreds of men are at work preparing the structure for the republican national convention.

One conference this morning between the representatives of the Brotherhood of Carpents and the Building Trades Council failed to effect a settlement of the differences. Another conference will be held later in the day.

This morning's action materially complicates the strike situation as in many instances employers who had signed the scale of the Allied Building Trades Council and also the Brotherhood of Carpenters' scale have been forced to suspend operation because of the order from the Trades Council headquarters.

BUFFALO STRIKE SETTLED.

Buffalo, N. Y., May 3.—The railroad strike is considered practically settled. It is understood that the Nickel Plate has agreed to abide by the action of the New York Central and it is believed that the Erie, Lackawanna, Lehigh and Western New York and Pennsylvania will acquiesce in the arrangement.

The concessions made by the New York Central will, it is said, mean $100.000 a year added to the expenses of the road at this end of the state, as compared with what they were prior to March 16.

BOXMAKERS' STRIKE.

Bay City, Mich., May 3.—Four hundred boxmakers and helpers in seven factories in this city went on strike this morning in pursuance to action taken last night by their union. The men want an advance in wages of from 10 to 15 per cent., which the manufacturers decline to grant. Three factories are running a few machines with non-union help, but will eventually have to shut down unless the differences are settled.

Otto Klinkenberg, of Minneapolis, arrived in the city last evening for a visit with friends.

REAL ESTATE TRANSFERS.

GAIN OF JUST ONE HUNDRED

SLIGHT INCREASE IN SCHOOL ENUMERATION.

Fort Wayne's Pupil Population Now Numbers 13,201—The Annual Count by Wards.

The annual enumeration of pupils of school age within the city limits of Fort Wayne has just been completed, and the results of the canvass were given out by Superintendent Study last evening. The total school population is found to be 13,201, an increase of just one hundred over the count of 1899, when the figures were 13,101, and 300 greater than the 1898 total of 12,811. Of the white school population, 6,470 are males and 6,686 females, and of the 48 colored children, 21 are males and 27 females.

The result of the canvass by wards is as follows:

	White.		Colored.	
Wards.	Male.	Fem.	Male.	Fem.
First	617	610	3	4
Second	382	408	1	5
Third	390	377	5	7

GREAT DAY FOR MACCABEES

WAYNE TENT NO. 54 HAS A CELEBRATION.

Hundreds of Guests Here and More Coming—Big Class of Candidates—Parade Tonight.

Several hundred visiting members of the Knights of the Maccabees are in Fort Wayne today the guests of Wayne Tent No. 54, and in the hall at Calhoun and Wayne streets, 130 candidates are being received into membership by Wayne Tent. It is the largest class of candidates ever received by any fraternity in Fort Wayne, and the knights are celebrating the event in a proper manner.

Supreme Medical Examiner R. E. Moss, of Port Huron, Mich., arrived last evening, and other leaders of the order have been arriving all day. Among them are A. J. Irwin, great medical examiner, of Goshen, Enoch Myers, great lieutenant commander, of Rochester, Adam E. Wise, great finance keeper, of Plymouth, Ed L. Young, great record keeper, of Norwalk, Ohio, Milo Meredith, great commander of Indiana, Wabash, and J. W. Replogle, great record keeper of Indiana, Goshen.

The Hartford City degree team of twenty-six members arrived at 11:40 over the Lake Erie, and fifty other members were with them. This afternoon Wayne Tent band and the reception committee has been kept busy meeting arriving delegations. Still others are yet to come for the evening session. Van Wert, Monroeville and other delegations will arrive at 7:15; Huntington, Roanoke and other tents will get in at 6:45; Kendallville comes at 7 o'clock; Claypool guests arrived at 3 o'clock, and Auburn has a special train at 6:45. The reception committee is composed of Messrs. E. P. Thomas, L. S. Williams, F. A. Kincade, William Zuttermeister, Sid J. Throckmorton, J. B. Pirson and J. C. Williams. Wayne Tent has provided a handsome blue souvenir badge for the occasion.

This afternoon there was a special session at 2 o'clock, and about thirty candidates were admitted to the order, the degree being conferred by the staff of Wayne Tent. At this evening's session the team from Hartford City will be in charge of the work, and it is one of the best teams in the state. There will be fully 100 candidates admitted at the evening session, and the degree work will be completed by 11 o'clock. Following this will be a Maccabee love feast, and it promises to be a most enjoyable part of the meeting. The program is an informal one, but there will be addresses and music galore, and the needs of the inner man will be provided for in a five-course luncheon to be served in the lodge rooms.

Another feature of the evening is one that the entire public can enjoy. This is the parade, which will form at Calhoun and Berry streets and move promptly at 7:30. The line of march will be south on Calhoun to Brackenridge, countermarch to Wayne, west to Harrison, north to Columbia, south to Berry, east to Clinton, south to Wayne and west to the I. O. O. F. hall, where it will disband. The supreme officers will review the parade from the north balcony of the New Aveline hotel. The marshals for the parade are J. C. Williams, William Zuttermeister, William Treffinger, Dennis Greaney, Fred Stetter and Herbert Grosvenor.

The committee of arrangements in charge of the celebration is made up of Messrs. A. E. Thomas, L. S. Williams, J. B. Pirson, Thomas Florence and F. A. Kincade.

THE SEARCH STOPS.

The Right Thing Has Been Found. A Fort Wayne Citizen Shows the Way.

Once more we are indebted to a Fort Wayne citizen for a public statement that throws more light on a subject of ever-increasing interest. People have been deceived by false misrepresentations from time immemorial. No wonder they are skeptical of all claims endorsed by strangers residing in far-distant parts of the union. This is no longer necessary to accept such endorsements, for local citizens are giving their testimony and 'tis any easy matter for any reader to investigate the correctness of such evidence as the following. Mrs. Jos. Ankenbruck, of 30 Erie street says: "I did not take Doan's Kidney Pills sold at Meyer Bros. & Co.'s drug store as I should, but they did me good. My son George was affected with kidney trouble and backache and he started taking them. It was not long before he was cured."

Doan's Kidney Pills are for sale by all druggists, price 50 cents per box.

Doan's Ointment is a specific for all itching skin diseases, Piles, Eczema, Chilblains, Chafing, any irritation and all itchiness of the skin. Gives instant relief. We mail a free sample box on application. Address Foster-Milburn Co., Buffalo, N. Y.

THE MARKETS.

Chicago, May 3.—The corn market broke sharply early in the session today. The opening was weak on lower ables. The demand was poor at the fractional onession and when heavy general selling by leading longs set in, the slump continued rapidly. It was an active market. July opened ½@¾c down to 40⅝@40⅝c and declined to 39¾c, 1⅛c under yesterday's close. At the bottom the demand improved and the market steadied, July reacting to 40¼c. Receipts here were 220 cars. Liverpool broke on raiding by a bear house and closed 1d lower. New York did a large export business yesterday, but the demand here was slow. The provisoins break yesterday may have had an influence in the selling which began in the corn pit this morning.

Later July declined to 29⅝c. The close was weak, July 1c under yesterday at 40c.

The wheat market early was quiet and steady. Cables were easier, the outside speculative trade light and crop prospects generally reported good. With the corn break added as a depressing influence the market held remarkably well. July opened ⅛c lower at 67½@67⅝c, sold to 67⅝@67⅞c, declined to 67⅛@67⅛c and then rallied to 67⅝c. Receipts here were 12 cars, none of contract grade. Minneapolis and Duluth reported 439 cars against 370 last week and 219 a year ago.

The market continued in sympathy with corn, about the only features being the narrowing of the May-July spread to 1⅝c. Elevator people took May and the offerings were light. The close was easy, July ⅜c down at 67@67⅛c.

Oats were easier in sympathy with corn. July opened a shade lower at 23½c and sold down to 23⅛c. Receipts here were 176 cars.

The provisions market opened steady but eased in sympathy with the corn break on the liberal hog receipts and no pressing demand to meet liberal offerings. July pork opened unchanged at $12.17½ and declined to $11.50; July lard 2½c higher at $6.97½, easing to $6.82½, and July ribs unchanged at $6.77½, selling down to $6.65.

THE CLOSE.

Prices at the close were as follows:

Wheat—May, 65⅝c; July, 67@67⅛c.
Corn—May, 39⅝@39¼c; July, 40c.
Oats—May, 22⅝c; June, 23¼c; July, 23⅜c.
Pork—May, $12.00; July $12.10.
Lard—May, $6.92½; July, $6.97½; Sept., $6.97½.
Ribs—May, $6.70; July, $6.77½@6.80; Sept., $6.75@6.77½.
Flax—Cash N. W., $1.76; Cash S. W., $1.76; May, $1.75; Sept., $1.24@1.24½; Oct., $1.17@1.17½.

Sugar—Raw, firm; refined, steady.
Coffee—Market nominal.

THE DAY ON WALL STREET.

New York, May 3.—The heaviness of American stocks in London resulted in some declines at the opening here, but prices showed some recovery from the losses incurred in London. The iron stocks were generally strong, Tennessee Coal rising 1½. New York Central rose nearly a point on the settlement of the threatened labor difficulty. Sugar after running off 1½ recovered to last night's level. A number of railroad stocks showed small gains. A general advance ensued after the hesitating opening.

Wolf & Dessauer's automobile was in Huntington yesterday and attracted much attention as it rolled about the streets of the Lime City.

WINDOW DISPLAY.

An Attractive Lot of Lion Coffee Premiums in Meyer Bros. & Co.'s Window.

We frequently hear the claim "something given for nothing," but do not often see an actual demonstration of the principle, like the display of Lion Coffee premiums now on exhibition in Meyer Bros. & Co.'s window.

Here are many valuable articles, all given free for the lion-heads, cut from Lion Coffee wrappers. These are not cheap articles, but comprise clocks, umbrellas, watches, gold rings and jewelry, besides many things useful and ornamental in the household, or will be enjoyed by the children. Lion Coffee fully deserves the popularity which it has gained, because of its superior strength and flavor.

AFFAIRS AT ELECTRIC WORKS ENCOURAGING.

MR. WOOD'S NEW INVENTION

A TRANSFORMER CHEAPER AND BETTER THAN OLD.

MAGEE INSPECTS THE SHOPS

CAME HERE UNEXPECTEDLY YESTERDAY AFTERNOON.

While there is nothing particularly new to chronicle in connection with the Siemens-Halske works, which recently became the property of the General Electric company, the feeling that the deal will eventually result beneficially to the interests of Fort Wayne seems to be increasing each week. Those who are in a position to know something about the matter, say that the labor situation in Chicago will be a strong influence towards abandoning those works and combining them with the works of the General company elsewhere when the question comes up for final consideration, as it surely will some day. The conditions in Fort Wayne are much better than those of Chicago and this fact has probably already come to the notice of the management of the General company. Upon this subject Mr. Wood had nothing new to offer this morning, but he assured the reported that he would use all the influence he could command in the interest of this city. He says the business of the Fort Wayne works is good and the prospects exceedingly good for the balance of the year. They are now engaged in getting out a new line of transformer which is a great improvement over the old, being smaller, better and cheaper. The new arc lamp devised by Mr. Wood has been thoroughly tested and found perfect and a great demand for it is sure to follow its introduction. One of these lamps has been installed in Mr. Hunting's office, where its rays make every nook and corner of the large room as light at night as at day. The light is as steady as it is penetrating, while it is of a character that does not tire or injure the eyes. The lamp is smaller and more handsome than any arc lamp yet placed on the market and this adds to its value and desirability for interior lighting. Mr. Wood is at present engaged in experiments with an electric fan for ventilating and cooling purposes, which was described in these columns a week or two ago.

ANOTHER FAST RUN.

The Chicago, Burlington and Quincy fast mail No. 8 made a record-smashing run from Burlington to Chicago Monday night. The train consisted of four heavily loaded mail cars. F. G. Gillette was engineer. The 206 miles to Chicago were covered in 203 minutes, including all stops, or, deducting stops, in 189 minutes, actual running time. The 83 miles from Mendota to Chicago were made in 73 minutes. The 80 miles from Galesburg to Mendota were covered at the rate of nearly 67 miles an hour. The engine was No. 1510.

INSPECTED THE YARDS.

The new shops and newly arranged tracks of the Wabash were inspected yesterday by General Superintendent H. L. Magee, who came here shortly after noon and remained until 3 o'clock. He was accompanied on the trip by Division Superintendent E. A. Gould, General Roadmaster A. B. Adams and some of the minor officials at Peru. Superintendent J. B. Barnes and Master Mechanic G. S. McKee were here to meet the general superintendent and escort him through the shops and about the yards.

MR. SPENCER'S TRAIN.

Consulting Engineer Spencer, who is making his annual inspection of the property of the Pittsburg, Fort Wayne and Chicago company, arrived in the city last night in accordance with the schedule published in The Sentinel Monday and left this morning at 7 o'clock for Chicago. He is accompanied today by Supt. J. B. McKim and one or two of the other officials. Conductor Joseph Morgan had charge of the train, while Engineer J. O'Ryan presided at the throttle. Assistant Road Foreman Ed McDonald was also in the cab.

Lundborg's

"Swiss Rose"

is lasting, withal delicate, and wondrously true to nature.

WAGES RESTORED.

The freight handlers in the Wabash warehouse were made happy yesterday by the announcement that their wages, which were reduced several years ago, had been restored to the standard which prevailed before the cut occurred. The increase amounts to about 10 per cent. The restoration order is effective during May.

HAND INJURED.

A misdirected blow yesterday landed a heavy hammer upon William Vachon's left hand, inflicting a wound that will cause him to lay off a few days at least. No bones were broken, luckily.

FARM MACHINERY TRAIN.

Warden, Bushnell & Giessner, manufacturers of farm machinery and implements, will send a special train, loaded with reapers and mowers, here this evening. There are fifty cars in the train, all decorated with streamers and otherwise, and hauled by two engines. En route from Richmond the train will stop at every station for the benefit of the citizens and farmers, arriving here at 3:30. It will remain here over night and leave at 6 o'clock tomorrow morning for Grand Rapids.

CAR SERVICE REPORT.

The monthly report of Mr. H. M. Elliott, the local representative of the Indiana Car Service association, shows a very satisfactory condition both as to the amount of business transacted in April and the manner in which the cars were loaded or unloaded. During the month of April 1,412 cars were received and dispatched here, all being loaded with local freight, as compared with 1,409 cars during March. A year ago there were received and shipped here during the month of April, 1,002, which was 407 cars less than was handled here last month. Of the 1,412 cars subject to demurrage, only 4 per cent was collected, showing that the consigners and sonsignees are attending to business more promptly than formerly. This is due mainly to the efforts of Mr. Elliott.

MACHINIST RESIGNS.

John Casey this morning retired from a position in the Wabash shops that he has filed for the past year or two. Mr. Casey is one of the best known machinists in the city and has worked in all the leading shops during his long residence here. He does not make known his intentions as to the future, but it is likely that he has something better in sight. John is a good mechanic and will never want for a job.

INDUSTRIAL NOTES.

Brakeman C. A. Blount took a position on the Nickel Plate yesterday

Master Mechanic G. S. McKee, of the Wabash, left last night for Buffalo.

Lee Duell has returned from Peru where he spent several days in the Wabash shop. He is a machinist.

Nickel Plate Brakeman E. M. Young resumed work yesterday. He had been enjoying a short vacation.

The Lake Erie and Western will on Sunday run an excursion to Michigan City from Indianapolis at $1 for the round trip.

Fireman Haugawout, of the Nickel Plate, has gone to Battle Creek, Mich., where some of his folks are lying sick.

Patrick Bresnahan, E. Rainbeouf, T. C. Patten and Hewes Piper, all machinists inthe Pittsburg shops, are sick and off duty.

Chief Clerk Eichhorn, of the Wabash shop department, left this morning for Peru and Detroit in the interest of the company.

Engineer Jerre Lynch, of the Nickel Plate, is taking a lay off for the purpose of overseeing the spring work about the home premises.

E. Morrison, Nickel Plate brakeman, has been granted a leave of absence, which he will spend in Michigan, his old home, with relatives.

John R. Drexel, the banker and railway magnate, will pass through the city this evening in a special car attached to Pennsylvania train No. 8.

George H. Murray was a caller at the leading shops of the city today in the interest of the Ingersoll-Sergeant Drill company, of Cleveland, Ohio.

C. W. Bedson, clerk at the Nickel Plate round house, is afflicted with a large boil on his face and has been unable to be at his desk for a couple days.

John Wolfrom, clerk in Trainmaster Patterson's office, is quite sick. He was taken ill while at his desk Monday and has been unable to leave his bed s[illegible] to that day.

[illegible] of the C[illegible] in department, have been given, voluntarily, an advance of 5 per cent. in their pay.

Fireman Fair, of the Nickel Plate, has received the sad intelligence that his father died in Cleveland yesterday. He has gone to that city to attend the funeral.

C. J. Smith, for the past nineteen years identified with the Alton road in Kansas City, has been appointed traveling freight agent of the same company, with headquarters at Denver.

Transfer Agent Cy Fike was taken sick yesterday and is now confined to his home. Mr. Fike has been in poor health for about a year, though able to attend to his duties a good portion of the time.

R. M. Connell, formerly with the Cincinnati, Hamilton and Dayton at Indianapolis, has been appointed chief train dispatcher of the Hocking Valley, vice O. S. Bressler. The cause of the change is not given.

Louis White, who is employed in the Bass foundry; will be off duty a few days, nursing a lame arm. He had the limb injured by being struck with a crane handle yesterday. Mr. White boards at 55 Charles street.

James A. Townsend, formerly master mechanic of the Rock Island, has accepted a similar position with the Omaha, Kansas City and Eastern at Stanberry, Mo. Mr. Townsend was in the employ of the Rock Island for over twenty years.

Yesterday Engineer George Cooper and Fireman Kohlman went to Stony Island after their engine, No. 4, which has just been turned out of the Nickel Plate shops after being generally overhauled. It will go into service on the west end of the road.

The Wabash company has made some improvements of the crossing at Lafayette street, not the least of which was raising the brick approaches several inches. The walks were too low and following a rain water covered them to the depth of several inches sometimes.

Engineer Michael McCarthy, of the Nickel Plate, is taking a few days from his duties on the road. Mrs. McCarthy has been successfully operated upon at St. Joseph hospital and is rapidly recovering. Yesterday she was removed from the hospital to her home and Mr. McCarthy's lay off is due to that happy incident.

D. B. Keeler, vice president and traffic manager of the Fort Worth and Denver City railroad, has just issued an order that will in the future obtain in all cases of appointment of employes. The order is as follows: "No employment will be given to any one by this company which would result in placing such person, either directly or indirectly, under the jurisdiction of a relative. No changes are to be made on the line, but hereafter the ruling will be strictly observed."

Louis Seibt is again at his place in the Bass shops, after an absence of over a year. He was employed for several months in installing a massive Bass engine in a big factory in Massachusetts and more recently in putting in the 2,000 horse power engine in the Armour packing house in Chicago. He returned from that place last night. Emil Deister, another machinist at the Bass works, has also returned there, after doing some work for the company in Pittsburg.

Arrangements were perfected at Knoxville whereby work will begin by June 1 on the construction of an extension of the Knoxville and Augusta railroad into the Chilhowee mountains, near the North Carolina line. This is for the purpose of reaching a rich timber belt, in which the New England Tannery company, of Philadelphia, will build a $250,000 tannery. Orders have already been placed for several thousand cords of taubark, which will be peeled at once. The construction of the tannery is understood to begin simultaneously with the work on the railroad extension. Knoxville and Atlanta are in easy reach of the tannery.

TORTURED A WITNESS.

Intense suffering was endured by witness T. L. Martin, of Dixie, Ky., before he gave this evidence: "I coughed every night until my throat was nearly raw; then tried Dr. King's New Discovery, which gave instant relief. I have used it in my family for four years and recommend it as the greatest remedy for Coughs, Colds and all Throat, Chest and Lung troubles. It will stop the worst cough, and not only prevents but absolutely cures Consumption. Price 50c and $1.00. Every bottle guaranteed. Trial bottles free at Dreier Bro.'s drug store.

IN FROM ALASKA.

August Otterbach arrived in the city last evening for a visit with Dr. H. G. Niermann. Mr. Otterbach is the manager of the Alaskan end of Dr. Niermann's fur enterprise and he brought with him a large and valuable consignment of furs for the eastern markets. Mr. Otterbach whose home is in Philadelphia, has been in the north since March, 1898, and has had a wide and varied experience, which he says has repaid him for the hardships, though there has been little financial profit in his trip. Mr. Otterbach was one of the two people who constituted the total population of Copper Center during its last days, and the place is now entirely deserted. Within a short time Mr. Otterbach will return to the north and engage in mining.

The People's Store,

An opening of the Season display of

WASH DRESS GOODS!

This will be a Wash Goods Season, and we would suggest that you make your selections early, for on account of the scarcity of material it will be a difficult matter to find anything choice after the present stock is exhausted. And you know that the first showing always contains the choicest things. This seasons' showing outdoes any of our previous efforts in this line of goods. In it will be found the products of both foreign and domestic manufacturers, fine, sheer, dainty materials that commend themselves to one at first sight, and they all wash. Step in and look them over.

Melrose Lawns, a well chosen assortment of colors and patterns at 8 1-3c yard.

Lawns and Dimities, in regular Foulard patterns and colors, a very popular material, at 10c yard.

Figured Batistes and Figured Dimities, a large, complete variety of everything that is new and desirable for waists and dress patterns, at 15c yard.

Dimities in plain colors, 44-in wide, every new shade, at 15c yard.

Cotton Crepons, again very much in favor this season, (gave such good satisfaction last year), we have in all the new creations of colors and stripes, 15c yard.

Aridane cloth, Windsor Nicoise cloth, Canallie cloth, in exquisite designs and colors, a line of wash materials exclusive with us, at 17c yard.

Genuine Imported Dimities, swell creations in patterns and colors, imported direct by The People's Store, to be seen and had only here; those who desire "something a little better" than the ordinary wash fabrics will find this line of Imported Dimities to fill a long felt want; two qualities, to be sold as long as they last at the extreme low price of 25c and 29c yard.

White Piques, a good assortment, fine quality, at 25c to 33c yard.

Tools for all Trades.

Every workman is a better workman if he uses good tools. Bad tools will handicap the best mechanic. Poor tools are dear at any price. Good tools are worth what you can pay for them. More time and money, and labor, and temper are lost on account of inferior tools than many mechanics would care to admit. Just think of your tool wants and come here to have them filled. Being certain of quality in the first place, you may depend upon saving money, in the second. Never mind what kind of a tool it is you need, we are almost certain to have it.

LONDON HEARS A JOB-LOT OF WAR RUMORS.

GREAT VICTORY REPORTED

PRESIDENT KRUGER'S DEATH RUMORED.

ROBERTS SENDS DISPATCH

OPERATIONS INVOLVED IN MYSTERY.

London, May 3.—6:09 p. m.—It has been learned by a representative of the Associated Press that United States Ambassador Choate has asked Lord Salisbury for explanations as to the alleged abuse of international right in the case of the American ship Sea Watch, which, according to the statement of her commander, Captain Howe, was boarded by the British warship Wash within the three mile limit of Portuguese territory in East Africa.

The American ship Sea Watch left Walloroo, December 3 and arrived at Delagoa Bay February 12. She sailed March 4 for Port Natal (Durban) and arrived there March 9.

JOB-LOT OF RUMORS.

London, May 3.—Prices became buoyant on the stock exchange today after a dull opening. This was due to a variety of rumors, all, however, requiring confirmation, including an important British victory in South Africa, the death of President Kruger, and the relief of Mafeking.

NEWS IS PUZZLING.

London, May 3.—Lord Roberts' latest dispatch throws no light on the object and possibilities of the extensive operations in the neighborhood of Thaba N'Chu. One military critic believes the inference is justified that Lord Roberts' successful attack at Houtnek threatens the Boer center and puts the British in a favorable position to crush the Boer left, which is still facing General Rundle at Thaba N'Chu or their right, which is somewhere between Brandfort and Winburg.

General Ian Hamilton's success at Houtnek elicits little enthusiasm as the critics unanimously pointed out some time ago that the policy of the Boers would be one of slow retirement.

Colonel Baden-Powell reported officially from Mafeking, under date of April 26, that all was well there. He adds:

"Thirteen native women tried to get away during the night of April 15. The enemy opened fire on them and killed nine and wounded two. I wrote to Snyman, pointing out that he shells the native stadt, which is full of women and children and that when they are trying to escape by day the Boers have captured and flogged them and sent them back, and by night they shoot them down, pretending to mistake them for night attacks. Snyman has not replied. The proportion of killed and wounded above speaks for itself."

Other news from Mafeking details the careful saving of the provisions and says there are diminished rations for nine thousand souls within the beleaguered town.

The American hospital ship Maine, after having been inspected by Lady Randolph Churchill and others of the committee, sailed from Southampton for the cape today.

ROUTED FROM HOUTNEK.

London, May 3.—The war office has received the folowing report from Lord Roberts, under date of Bloemfontein, May 2:

"General Hamilton met with considerable success and drove the enemy out of the strong position they had taken up at Houtnek with comparatively small loss to us. The Boers dispersed in several directions, mainly to the east and north, leaving twenty-six prisoners in our hands, including one commandant, and sixteen other wounded men. General Hamilton is now in camp at Jacobsrust. As the men needed rest after fighting seven out of the last ten days, I ordered them to halt for the day.

"General Broadwood's brigade of cavalry arrived upon the scene in time to afford valuable assistance by threatening the enemy's rear.

"During the afternoon General Ian Hamilton was joined by General Bruce Hamilton's brigade of infantry.

"The enemy admit having twelve killed and forty wounded yesterday. Amongst the former was Lieutenant Gunther, a German officer belonging to the Fifty-fifth regiment, and amongst the latter was Maximoff, the Russian commander of the foreign legion. Twenty-one out of twenty-two of the enemy's casualties occurred amongst the members of that legion. Two Frenchmen were among the killed.

"General Hamilton speaks in high terms of the good service performed by the Eighth Hussars under Colonel Clowes, and made up into a regiment of lanciers, which came in General Mordwood's brigade and assisted in making the Boers vacate their position. The final stroke to the enemy's rout was given by the Gordons and two companies of the Shropshire light infantry, who cheered loudly when they got within 200 yards of the position.

"Kitchener's horse is also spoken of in terms of praise."

WILL BUILD AUTOMOBILES

HARRY MEYER HEADS A NEW ENTERPRISE.

Stock Company With a Capital of $50,000 is Forming—Has Inspected Plants.

Within a few months there will be established in the city an automobile factory and the Fort Wayne capitalists who are back of the project are confident of the success of the enterprise. Harry Meyer, of the Meyer Cycle company, who is the main projector of the proposed factory, returned last evening from Chicago, Milwaukee and Racine, Wis., where he inspected the plants of a number of the leading automobile factories of the country. To a Sentinel reporter this afternoon Mr. Meyer announced that his plans were complete, that the greater part of the capital necessary for the establishment had already been pledged and that he anticipated that the remainder would be forthcoming within a few weeks. Mr. Meyer stated that it was his intention to form a company with a capital of $50,000 and as soon as this is done a suitable building will be secured and the machinery installed. The work to be done this year will simply be experimental and comparatively few carriages will be built. About thirty workmen will be employed to start with, but next year the facilities will be greatly increased and a much larger force will be employed. The style of carriage to be manufactured will be a light runabout propelled by gasoline and capable of a speed of about fifteen miles an hour. The gasoline motors to be used are of a special design, much lighter than the ordinary ones now in use. The carriage, complete, will weigh about 700 pounds and will be sold for $550. Mr. Meyer stated that the manufacturers whom he visited were unable to fill their orders and that their sales are made for delivery months ahead. In view of such a demand Mr. Meyer is confident that a factory established in a manufacturing center like Fort Wayne would very soon do a business equal in volume to any of the larger factories in the United States.

IT WAS GUEST DAY.

A delightful time was spent at the home of Mrs. Dr. Greenewalt yesterday afternoon under the auspices of the Duodecimo club. It being guest day an audience of sixty or seventy-five ladies were present. A summary of the year's work on Shakespeare was given by the president. The delight of the afternoon was interpretations from "Hamlet" by Mrs. Ormsby. The reading was a brilliant analysis of Shakespeare's finest character, illustrated with dramatic renderings of the finer passages. The reading was listened to by many well known Shakespearean students. Few dramatic readers posses the fervor and brilliancy of Mrs. Ormsby's interpretations. She carried her audience with a dramatic intensity which made the character of Hamlet live in the minds of those present. And it was greeted with marked appreciation at the close.

SWEAT SHOP GARMENTS.

Samuel Autler, general treasurer of the United Garment Workers of America, with headquarters in New York, is in the city trying to encourage dealers to not buy goods manufactured in sweat shops. He will visit all the Fort Wayne stores and find who are not using union made clothing. Mr. Aurler says that clothing bearing the label of the garment workers union is a guarantee that the clothes were not made in a sweat shop. He has met with much encouragement since his arrival.

BISHOP'S ADDRESS

REV. DR. ANDREWS SPEAKS TO THE CONFERENCE.

TAKES UP LIQUOR QUESTION

DIVORCE AND REMARRIAGE ARE HANDLED.

AMUSEMENTS AND DISCIPLINE

PROVISIONAL DELEGATES IN THEIR SEATS.

Chicago, May 3.—The interest of the delegates to the Methodist general conference today was centered in the reading of the bishop's quadrennial address by Bishop E. G. Andrews. The address, which was prepared at a recent meeting of the board of bishops in Indianapolis, was called for by Dr. Frank M. Bristol.

Bishop Andrews was given close attention and when the spectators gathered from the report that while the country had increased fourteenfold during the past hundred years, the Methodist Episcopal church had developed ninety-seven fold, they applauded enthusiastically.

ON THE LIQUOR QUESTION.

The bishop's address stated that the church will not abandon its position on the liquor question. On the contrary, "aroused and indignant at the aggressions of the liquor power, at the inexcusable miscarriage of the anti-canteen law, and at the new perils in which the nations is involving its new possessions, it will summon and pledge all our ministers and people to a more determined struggle against this enormous evil."

MARRIAGE AND DIVORCE.

As to marriage and divorce, the address continued:

"In the presence of this evil the church cannot allow its rules on the subject of divorce and re-marriage to be in any case inoperative and void. Let, if need be, the church law be amended to more perfectly express the New Testament rule of marriage. But by the voice of its public assemblies, by its pulpits and by the judicious exercise of discipline the church should keep itself pure and aid the civil law and the practices of society to become pure.

AMUSEMENTS.

"Closely associated with these evils is the popular passion for unwholesome, course and debauching amusements. Whoever watches the daily press cannot miss the evidence of shameful degradation in the theatre, concert and dance hall, and on the race course. And the tendency to great excess also in other comparatively innocent form of amusements cannot escape attention. The seriousness of life seems largely forgotten, its opportunities of usefulness unoccupied, the vigilance necessary for righteousness relaxed and the love of the passing world gaining in masterfulness. It is not to be wondered at that every earnest age has tended to r probate all amusements as incomparable with the Christian life. Experience has shown that it is impossible to impose on youthful and immature Christians a law which many a saintly soul, of thoughtful choice, imposes on itself.

SOME RECOMMENDATIONS.

"The attempt to enforce absolute abstinence from recreative amusement reacts toward unrestrained indulgence. A discrimination between the admissible and the inadmissible is, therefore, imperative. So great is the danger to spiritual life that we suggest that it would be profitable to place among the special advices of the discipline a brief but cogent statement of the perils which attach to many amusements, of the evils inseparable from others, and of the principles by which the Christian should regulate his choice among and his use of them."

The address recommends either the abolition of the time limit on pastorates or a return to the old three year limit rule.

With the laity and the clergy theoretically, if not practically equally represented, the second session of the Methodist Episcopal general conference began here today. A crowd of delegates who were formerly in the provisional ranks created a flurry of amusement when they called at the entrance reserved for delegates. They had neglected to secure cards of admission and were promptly denied admission by a portly flunkey, who would do nothing not officially ordered.

They retreated from that door and entered unchallenged with the general crowd at the side entrance. Secretary Monroe told them they could secure tickets of admission by merely asking for them and thus the incident closed.

The devotional exercises were begun promptly at 9 o'clock, Rev. William Burt, of Italy, leading. The business session was presided over by Bishop E. G. Andrews. He carried the bishop's report of fifteen thousand words, dealing in a general way with Methodism, its work and progress in all parts of the world.

"It's hard to tell when this will be given the conference," he said, speaking of the report. "It may be called for today, maybe tomorrow, or next day, and it may be resolved to save reading it to the conference that it be printed in our daily papers and the Daily Christian Advocate."

A report that at an informal meeting of leading members of the committee on episcopacy last night it was agreed that five bishops be retired and six new ones elected, was, in regard to the first item, denied by Bishop Morrell this morning. Those slated in the rumor for retirement were Bishops Merrill, Foss, Andrews, Hurst and Walden.

When the business session got under way twenty alternates were seated in place of absent delegates, Frank Kern being given the seat made vacant by the withdrawal of Mrs. M. Y. McMahan. John H. Cissell, Northwest Indiana conference, then made a motion modifying a former action and directing that the committee on boundaries be formed in accordance with provisions of the rules of the discipline. The discipline provides that this committee shall be composed of one minister from each conference and presided over by a bishop. Dr. J. M. Buckley protested against the adoption of this motion and substituted another giving the committee an equal number of lay and official delegates. Dr. Buckley's motion was carried under suspension of the rules.

A committee was appointed to investigate the case of Caleb Butterworth, of Camden, N. J., as his right to a seat was questioned yesterday.

Then the conference came to the matter of forming the standing committees. The list of conferences was called and each handed its nominations for the fourteen committees. Secretary Monroe announced that it would take him several hours to arrange the list of names in proper order and accordingly it was agreed that the committees should meet later in the day for organization. This having been accomplished a ten minute recess was taken.

Following the recess the quadrennial address of the bishops was read. When Bishop Andrews concluded his reading the session adjourned.

BRISK BLAZE AT NOON HOUR

RESIDENCE OF J. C. BRAEUER IS BADLY SCORCHED.

Firemen Had a Hot Fight on Griffith Street. The Damage Will Reach $300.

Just at noon today firemen had an extremely hot struggle with fire in the home of J. C. Braeuer, at 184 Griffith street, and before the firemen had conquered, the flames had wrought a damage of several hundred dollars. The fire was due to an over-heated chimney, which was burning out, and it started on the upper floor of the home while the family was at dinner in the basement.

The chimney passes up beside a closet on the second floor, and a quantity of clothing in the closet caught fire. The flames quickly spread, breaking through the closet door and along the hallway until they had invaded three rooms which open off the hall. In the terrific heat and blinding smoke the firemen had to keep close to the floor and fight in close quarters, but finally mastered the situation. The woodwork and doors along the hallway are badly burned and much of the furniture in one of the rooms is ruined, while the water did some damage to the rooms below, from which neighbors had removed most of the household goods. Engine companies from Broadway, Washington street and Fairfield avenue were engaged at the blaze. Mr. Braeuer was unable to give an accurate estimate of his loss, but it will surely reach $500, if not more. There was an insurance of $800 on the residence and $200 on contents.

State President C. I. Link, of the Life Annuity Fraternity, will arrive in the city next Monday to attend the social to be given by the fraternity next week. Mr. Link's home is in Terre Haute.

DRIVE OVER NOW.

FOURTH STREET CROSSING WAS LAID AT NOON.

CITIZENS ASSIST OFFICERS

J. G. BRUDI WAS FIRST TO DRIVE OVER.

CARS MOVED BY MAN POWER

THE RAILWAY COMPANY WAS TAKEN BY SURPRISE.

The city administration, with the police department, reinforced by Ninth ward citizens, executed a cleverly planned and successful coup de main against the Lake Shore railroad company today at noon. The fruit of the maneuver is the opening of Fourth street across the Lake Shore tracks and of the courts do not declare the establishment of the thoroughfare illegal, a long vexed question is settled.

The crossing over which there has been so much controversy is down and Mayor Scherer and the board of works assert that it will stay down until the courts have ordered it taken up.

This forenoon Mayor Scherer went to Halber's grocery store in Bloomingdale and there met a number of north side citizens who were sworn in as special policemen. After taking the oath they were told that their duties would be to protect the Fourth street crossing over the Lake Shore railway. The citizens sworn in as policemen are: W. H. Brudi, E. M. Young, Fred Baade, Jacob Certis, Fred Barrett, Henry Bates, Charles Hoemig, Henry Fisher, John Langhor, John Cashman, John Young, Chas. E. Hather, Fred Wehnert, Fred Fiefel, J. L. Liebig, B. Summers, Dr. J. E. Stults, David Heathman, Frederick Haiber, sr., and J. G. Brudi.

During the forenoon Chairman Eggeman, of the board of works, and City Engineer Frank Randall were at work on one of the north side streets and they watched their opportunity and when none of the railway employes were near the Fourth street crossing Mr. Randall set the stakes for a crossing. At 12 o'clock citizens began to congregate in little crowds at different places in the Ninth ward and a few minutes later H. C. Franke, superintendent of streets, and several city employes arrived at the intersection of Calhoun and Fourth streets. Soon the patrol wagon hove in sight and Superintendent Goraline and most of the day policemen were on hand to protect workmen and see that no interference was offered with the construction of the crossing. Messrs. Eggeman, McCracken and Kane, of the board of works, were there and the order was given to get to work. Heavy timbers were at hand, but an obstacle in the way of constructing the crossing was the cars which had been left standing on the several tracks. Willing hands soon turned the brakes and with scores of men to furnish the power it wasn't ten minutes until all the cars had been removed from the section of the railway over which the crossing was to be built. The northbound Lake Shore train had been held at the depot for some reason, but it pulled by without stopping and the special policemen and city workmen commenced to carry the planks and place them across the tracks. A few of the boards were nailed down and to make the street a legal crossing J. G Brudi drove one of the Bloomingdale delivery wagons across. He was followed by Grant Archer in his milk wagon and then came the patrol wagon. Messrs. Brudi and Archer turned around and drove back. By this time Master Mechanic Millen, Yardmaster Aiken and Agent Flynn were on the scene, having ridden up on the Lake Erie and Western passenger train. The train stopped on the crossing and Mayor Scherer and Superintendent Goraline ordered the conductor and engineer to move on or make themselves liable to arrest. Not being a Lake Shore train Mr. Mitten did not care to make trouble for the crew and also gave the engineer an order to move. Later a switch engine was put to work, but as fast as cars were left over the crossing the north side citizens would push them away and finally on the advice of Hon. R. C. Bell, attorney for the Lake Shore railway, who had been advised of the action of the board of works and hurried to the scene, a switch engine was kept moving back and forth along the several tracks. Superintendent Goraline warned the switchmen and engineer that if the crossing was blocked five minutes the crew would be arrested and every three or four minutes the train would pull off and the patrol wagon or some other vehicle would drive across. The workmen were busy most of the forenoon placing the planks for the crossing and it is the intention of the board of works to have the approaches finished at once.

Senator Bell was indignant at the action of the city and asserted that an agreement had been violated, but Mayor Scherer said that he had acted on the advice of the city attorney and would stand by his action. Special policemen will be stationed at the crossing day and night until the courts have made a final decision and persons who make any attempt to tear up the track will be arrested. Affidavits will also be filed against any train crew which blocks the crossing more than five minutes at a time.

Hundreds of citizens were on hand to see the opening and there was a tremendous cheer when Mr. Brudi drove over the crossing the first time.

TWO ARRESTS MADE.

Shortly after 2 o'clock this afternoon Yardmaster Aiken and Fireman Rome Masters, who was on the switch engine, were arrested by Superintendent Goraline on a charge of obstructing a highway. They were taken to the police station in the patrol wagon and there gave bond for their appearance in police court.

MRS. FORD WAS ACQUITTED

SOME SENSATIONAL EVIDENCE GIVEN IN THE CASE.

Woman Tells That the Beer Given Murphy Was "Doped"—Court News.

The evidence in the care against Mrs. Elizabeth Ford was all in yesterday and after short arguments Judge O'Rourke rendered a verdict of acquittal. He said that there were many peculiar circumstances about the mysterious disappearance of Murphy's money. Mrs. Ford testified that she went to a drug store and bought some drug on the order of Dr. Hickman and that this drug was placed in a glass of beer which was given to Murphy. She said she believed the drug was "dope." Murphy had $200 in the morning and the fact that he had only $64.45 when the Fords went through his pockets leads the officers to believe that he had been robbed before he visited the barber shop. The police have not dropped the investigation and expect to find new evidence against persons other than Mrs. Ford.

NOTES.

Mrs. Hasenfuss will be taken to the Woman's Reformatory at Indianapolis next Monday by Ferdinand Oetting. At the same time Will Futter will take George Dubois, an incorrigible lad, to the reformatory at Plainfield. This afternoon Mayor Scherer took Jay L. Keplinger to Michigan City.

TO BE LARGEST IN WORLD.

Pittsburg, Pa., May 3.—The American Ax and Tool company has purchased 38 acres of river frontage at Glassport, near here, and will erect thereon a $500,000 plant, the largest of its kind ever built. It is intended to centralize the plants of the combine at this point. The works will employ 1 000 men and will be in operation before the end of the year.

Dr. Miles F. Porter, of this city, will deliver the principal address at a meeting of the Huntington Medical society next Wednesday evening. Dr. A. E. Bulson will read a paper on "The Medical Specialist."

A FIERCE BATTLE.

DESPERATE FIGHTING ON THE ISLAND OF PANAY.

AMERICANS WERE ENTRAPPED

REBELS SURROUND A RECONNOITERING PARTY.

WOUNDED LEFT ON THE FIELD

A REPORT THAT AGUINALDO MAY BE DEAD.

Manila, May 3.—A dispatch received here today from Iloilo reports that a desperate fight took place at Leambano in the center of the island of Panay. It appears that a reconnoitering party of the Twenty-sixth infantry was surrounded and that four of the Americans were killed and that sixteen others severely wounded were left on the field. The remainder of the soldiers had a narrow escape.

The dispatch adds that reinforcements were sent from Iloilo as soon as news of the affair was received, whereupon the Filipinos retreated to their mountain stronghold.

AGUINALDO REPORTED DEAD.

Manila, May 3.—General Funston has discovered a rebel warehouse near Cabanatuan, Province of New Egija, containing all the archives of the Malolos government, Aguinaldo's correspondent up to the time of his flight, and much valuable historical matter.

In support of the belief that Aguinaldo was killed by the Igorottes, it is pointed out that there is no proof that he has been alive since Major March of the Thirty-third regiment abandoned the chase after the Filipino leader in the Benguet mountains. An insurgent officer who recently surrendered to General Young says, however, that the insurgent General, Tinio, held regular communication with Aguinaldo until December 28, since when he has heard nothing from him. Tinio, this officer says, thinks Aguinaldo would find means to communicate with him if alive.

Major March's information was that there were only a half dozen soldiers with Aguinaldo when he fled beyond the Bontoc wilderness, where the savages are hostile to all strangers.

Friends of Aguinaldo's wife assert that she has heard nothing from him since they parted. She is nearly prostrated with worry, and therefore has not been informed of the death of her child, which she thinks is with friends at Bacdor.

The Sultan of Sulu, with a retinue, including several of his wives, has sailed for Singapore, ostensibly on a religious mission.

A Hongkong dispatch to a Manila paper says the Sultan has gone to Singapore in order to protest to the British against the Americans establishing a tariff against imports, claiming that it is a violation of the treaty of 1877 between Spain, Great Britain, and Germany. Germany guaranteeing the Sulu Islands free trade. The Americans, the Sultan says, have established a tariff nearly doubling the prices of tobacco, rice, and the Sulu staples of life, most of which are imported from Singapore.

The Filipino crew of the steamship Escano recently mutinied in the channel between Cebu and Leyte and killed the captain, the mate, and the owner, Senor Escano and his son. The mutineers then scuttled the ship and escaped to the Leyte mountains with $28,000.

MEET IN GOSHEN

There will be a meeting of the St. Joseph classis of the English Reformed church at Goshen, commencing next Wednesday. The classis include the districts of Northern Indiana and Southern Michigan and it is expected that there will be a large attendance. In connection with the annual meeting, there will be a meeting of the Ladies' Missionary societies of the church on Thursday. The sessions will continue until Saturday morning and much important business will be transacted. Rev. and Mrs. A. K. Zartman will attend.

E. C. Rurode, of the Rurode Dry Goods company, recently purchased a lot in Rome City and will shortly have a summer cottage erected upon it. Mr. Rurode has also purchased a steam launch for use on the lake this summer.

FACT AGAINST FICTION.

REASON AGAINST SUPERSTITION

Anyone who will take the time to investigate Dr. Dorment's Vaporizer and his method of treatment will find that it is the most reasonable and sensible method that they have ever seen. And anyone who gives his Vaporizer a fair trial will find that it is all that he claims for it. It applies antiseptic and healing remedies to all the diseased surfaces of the air passages in the head, throat and lungs as directly and as thoroughly as you can apply an ointment to a sore finger. As a prevention, relief and cure for all diseases of the air passages this instrument has no equal. Mr. Meyer, of the old drug firm of Meyer Bros. & Co., says: "From what I have seen of Dr. Dorment's Vaporizer, and the reports which I have heard from those who have used it, I do not hesitate to recommend it and to guarantee it. To anyone who buys one at my store I will refund the money if it is not entirely satisfactory."

A guarantee from such a firm needs no further proof.

Those Mud Hens from Toledo prepared for the batching season Wednesday and presented Jack Glasscock's base ball team with nine huge goose eggs. Jack knew that this was the season of the year to begin setting, but he didn't want goose eggs. They were presented to him in spite of himself. One Fred Cooke helped the presentation along in the eighth inning when he chased two strikes on Bradshaw off balls which the Chinese giant could not have reached with a telephone pole. Two men were out, of course, and it is hardly probable Fort Wayne would have won the game, but had Bradshaw gotten what he was entitled to the bases would have been filled with Krueger and Letcher to follow at the bat. Goose eggs are all right in their place, but with good batting they would not have been dished up to Fort Wayne yesterday.

The game was the best of the season. Drummey and Joss were opposing pitchers and for six innings the Fort Wayne man had the best of it. In the seventh, however, Smith and Schlis made singles and were sacrificed along by Griffin. Then Joss won his own game by batting both base runners across the plate with a two-bagger to right center, which Kienow and Letcher failed to reach. In the ninth, after Smith had fanned out, Schis and Griffin singled and scored on Hausford's two-bagger. The catcher scored on Hartman's single after Joss and Cleo to Drummey. This made five earned runs and they were scored on as pretty a bunching of hits as was ever seen in a game. Only twice in the game did Fort Wayne have men on third, and this as after two men were out. Score.

NOTES OF THE GAME

Mansfield comes tomorrow and Fort Wayne ought to win from Lowery's gang of knockers.

In the first series of three games Fort Wayne scored as many runs as the Daytons, 31, but lost two of the games.

Toledo is now perched alone at the top of the interstate ladder. The Mud Hens have been there at some part of every season since the interstate league was organized.

Fred Cooke must pick up on balks and errors or he will not make a success as an umpire in the Interstate. Some of his decisions yesterday were very bad.

A telegram was sent to Frank Foreman asking for his terms last night. Fort Wayne is after Geese and is well known [illegible] who is now with a National league team. Ream writes that he is still in bed and can't tell when he will report.

Lizzie Beck was in evidence again yesterday, but this time it was not his bat which counted. He fielded at second base like a Bierbauer and accepted thirteen chances. In the ninth Kienow hit a high ball—not one of these so sale in bar-rooms and Beck got under it only to drop the sphere. He picked the ball up and threw to Hausford and caught Letcher, who had not started for second. This saved the German from being credited with an error. The Fort Wayne management ought to induce some American league team to buy Beck and pay part of the purchase price out of the Fort Wayne treasury. With him out of the game Fort Wayne might win once in a while from the Mud Hens.

DEATH HAD TAKEN DAUGHTER

BEFORE THE PARENTS COULD REACH HER BEDSIDE.

Mrs. David F. Erwin Expired This Morning Other Deaths and Funeral Notices.

Mrs. Mildred Erwin, wife of David F. Erwin, expired at 5 o'clock this morning at her home, 14 Custer avenue. Her illness had been of two months' duration and death was due to a complication of diseases. Yesterday her condition grew critical and her parents, Mr. and Mrs. C. H. France, were summoned from Cleveland by telegraph. They arrived this morning, too late to see their daughter alive.

Mrs. Erwin's age was 35 years, 5 months and 25 days, and surviving her are the husband and two children—a baby boy 8 months old and a daughter of 10 years. The bereaved husband is a Nickel Plate bridge carpenter.

The funeral announcement will be made later.

M'DOLE.

Mrs. Lucretia McDole, wife of H. O. McDole, of 73 Home avenue, died Wednesday evening at St. Joseph hospital. Mrs. McDole was removed to the hospital to undergo an operation for obstruction of the bowels, but could not survive the shock. She was 37 years of age and a member of the Pathfinders' fraternity.

The funeral services will be held from the residence Friday morning at 9:30, and the remains will be shipped to Wauseon, Ohio, for interment at that place.

FUNERAL ANNOUNCEMENTS.

Compston. The remains of the late Charles B. Compston, who died at Moosejaw, N. W. T., reached the city at 7:35 last evening and were taken to the Peltier undertaking establishment. This morning they were conveyed to the home of Mrs. Cass Miller, 161 Harmer street, an aunt of the deceased, where the funeral services were held this afternoon under the direction of Home lodge, F. & A. M.

Wehrenberg. Funeral services of Adella Wehrenberg will be held from the residence, 192 Madison street, Friday afternoon at 2 o'clock, Rev. Miller officiating.

'TWAS A HOT TIME

The board of works yesterday afternoon awarded the contract for the paving of Court and Berry streets to the Barber Asphalt company. Members of the Land and Improvement company, who had originally petitioned for sheet asphalt on West Main street, were present and said they wanted creosote block. Messrs. Eggemann and Kane were of the opinion that the contract should be awarded to the Asphalt company inasmuch as there had been no creosote bids, but Mr. McCracken wanted the bids thrown out and was quite bitter in his language toward the other members of the board, who were not unwilling to take back. The air was blue for a few minutes, but the matter was finally taken under advisement.

HOUSE PASSED HOMES BILL

Washington, May 3.—The house today passed the free homes bill without division.

NICARAGUA BILL PASSES.

The house yesterday, at the conclusion of the most dry debate of the present session of congress, passed the Nicaraguan canal bill by the overwhelming vote of 225 to 35.

IN THE SENATE.

Washington, May 3.—The senate today agreed to a motion by Mr. Hoar to take up the resolution declaring W. A. Clark was not duly elected a senator from the state of Montana. Then in accordance with Mr. Hoar's suggestion further consideration was postponed until one week from today. There was a lively tilt between Mr. Stewart, of Nevada, and Mr. Chandler, of New Hampshire, over what Mr. Chandler designated as Mr. Stewart's threat to have the three witnesses at testimony in the Clark case read to the senate. Mr. Stewart denied that he had threatened anything of the kind.

SUFFERING AND RELIEF

Three Letters from Mrs. Johnson, Showing that Lydia E. Pinkham's Vegetable Compound Cures the Ills of Women

Wrote for Mrs. Pinkham's Advice November, 1897

"DEAR MRS. PINKHAM:—I am a great sufferer, have much trouble through the lower part of my bowels, and I am writing to you for advice. Menses are irregular and scanty, am troubled with headaches, and I ache so through my back and down through my loins. I have spells of bearing very badly, some times will be very large and other times very much reduced.—Mrs. Chas. E. Johnson, Box 33, Rumford Center, Maine. Nov. 20, 1897.

Improvement Reported December, 1897

"DEAR MRS. PINKHAM:—I wish to tell you that I am improving in health. I am ever so much better than when I wrote before. The trouble through the lower part of bowels is better and I am not bloated so badly. I was very much satisfied through the abdomen to have I took Lydia E. Pinkham's Vegetable Compound. I still have a feeling of fullness across my chest. I have used three bottles of it and am on the fourth."—Mrs. Chas. E. Johnson, Box 33, Rumford Center, Maine, Dec. 13, 1897.

Enjoying Good Health June, 1899

"DEAR MRS. PINKHAM:—Since a year ago I have been taking your medicine, and am now strong and enjoy the good health. I have not been so well for three years, and feel very thankful to you for what Lydia E. Pinkham's Vegetable Compound has done for me. I would advise all who suffer with female troubles to try your medicine."—Mrs. Chas. E. Johnson, Box 33, Rumford Center, Maine, June 4, 1899.

GOLD MAGINATES HERE.

Several of the heaviest stockholders of the Dahlonega Gold Mining company were holding a meeting at the Randall hotel last evening, on their return from the south, where they have been inspecting the property. The party were Frank G. Thomson and G. H. Breyman, of Toledo; J. S. Rosenthal, of Delaware, Ohio, and Dick Townsend, of Decatur.

HIGH SCHOOL FIELD DAY.

The Fort Wayne high school and Auburn high school will hold a field day at the Driving park on May 25 or 26, the exact date to be decided within a few days. A meeting of the students will be held one week from Saturday, at which teams of three will be selected to compete in each event. The sports will include running races, bicycle races, jumping, putting the shot, obstacle races and other events. The Auburn school has a strong athletic team, but our boys are confident that they can put a team in the field that will defeat all comers.

A CASE OF "TREMENS"

Can be Brought on by Coffee.

"It is a well-known fact that one can bring on delirium tremens just as surely by the excessive use of coffee as of whiskey, and the coffee habit is just as much a condition of slavery as the whiskey habit. To be sure, if one has constitution enough to stand the effects of either coffee or whiskey and prefers to continue their use, that might be a question for them to decide." So says Mrs. Amy K. Glass of Rolfe, Ia., who continues: "My mother never drank coffee until in middle life. It produced an obstinate case of dysentery, which could not be checked until she gave up coffee. She is now sixty-five years old and welcomes the Postum Cereal Food Coffee for a warm drink at breakfast. It has made her well and ruddy where before she was ill and lacking the appearance of good red blood, which she now shows.

"I regard Postum as the greatest blessing to mankind. It is a curious condition to her temperance lectures talk to people about the liquor habit, when frequently they themselves are slaves to the coffee habit."

Postum Cereal Food Coffee, when thoroughly boiled, yields a perfect breakfast beverage, beautiful in its rich golden brown color, with ripe, crisp, toothsome flavor, while the ingredients are such that nervous systems are built up by the action of small molecules of Phosphate of Potash obtained from cereals, without which the system cannot make brain matter and the gray substance that fills the nerve centers all over the body. The discontinuance of coffee and the change to Postum Food Coffee therefore works at both ends, for the good of the user.

A small piece of butter the size of two peas, placed in the pot, will prevent Postum from boiling over.

WEDDED AT HOME.

A pretty wedding took place at the home of the bride's parents Monday evening, when Miss Emily Schwartz became the wife of Seely W. Bell, of Minneapolis. Rev. A. K. Zartman performed the ceremony in the presence of a few relatives and intimate friends, after which an elaborate wedding supper was served. Mr. Bell has resided in the city for about a year and has been in charge of the wiring of the new court house. Mr. and Mrs. Bell will make their home with the bride's parents, Mr. and Mrs. Frederick Schwartz, for the present.

CRITICAL PERIODS

In Woman's Life Are Made Dangerous by Pelvic Catarrh.

Mrs. Mathilde Richter.

Mrs. Mathilde Richter, Doniphan, Neb., says:

"I suffered from catarrh for many years, but since I have been taking Peruna I feel strong and well. I would advise all people to try Peruna. As I used Peruna and Manalin while I was passing through the change of life, I am positively convinced your beneficial remedies have relieved me from all my ills."

Peruna has raised more women from beds of sickness and set them to work again than any other remedy. Pelvic catarrh is the bane of womankind. Peruna is the bane of catarrh in all forms and stages. Mrs. Otd, Hamilton, Columbus, O., says: "I recommend Peruna to women, believing it to be especially beneficial to them."

General Otis has sent word to friends in Rochester, N. Y., that he expects to arrive in that city June 15, and the Rochester Democrat and Chronicle suggests a city holiday and a public reception. This would all happen just four days before the opening of the Philadelphia convention, at which a vice president must be nominated.

People who advocate woman suffrage as a means of making things better here below will be pained at the feminine amenities introduced in a local election at Weisner, Idaho, where women vote. Mrs. Mattinson, electioneering at the polls, called Miss Harris, also there and engaged in the same work, a "China-faced hag." In the "mix-up" which immediately followed both ladies lost some hair and some hide. The jury which tried them when they had each other arrested was composed entirely of women, and after they retired to deliberate the bailiff was unable to force the door quick enough to prevent more hair-pulling and scratching among the jurors. When brought into court they reported a disagreement.

The prohibitionists of Indiana have nominated a good man for governor. Mr. Charles N. Eckhart, of Auburn, is a strong, clean, conscientious man and a true gentleman. He is a business man of highest character and an honest and vigorous champion of prohibition of the liquor traffic. He will be a powerful help to the work of the party in this state. He is the nominee of the Auburn Carriage Company, is a high-minded Christian and liberal to excess in use of his means to do good to his fellowman. Our fellow townsman, Mr. James E. Graham, was nominated for judge of the supreme court of Indiana for the fourth district, and if he is not going to be elected he at least ought to be. Mr. Graham is one of the wheel-horses in the prohibition party and he never gives up hope that the great principle of his party will ultimately triumph.

Why is it that so many brewers and distillers are opposed to the enactment and enforcement of pure food laws? This is not true of all brewers and distillers, but it is a singular and striking fact that wherever pure food legislation and laws for the prevention and punishment of adulteration are proposed the brewing and distilling interests are the head and front of the lobbying against it. There ought to be most stringent requirements for the manufacture of pure distillery and brewery products. Alcoholic stimulants, when pure, are bad enough, but when they become the adulterated products which comprise the bulk of the stuff sold to drinkers they are poisons rank and deadly. Men who persist in drinking ought to do some lobbying for the "pure stuff." In Fort Wayne, as elsewhere, some of the brightest minds are being wrecked and strong, vigorous manhood sapped and enervated by the nefarious stuff sold as beer and whisky. Pure cereal alcohol will kill if used excessively, but the poisonous product that enters so largely into the composition of modern stimulants will work evil to health if used at all.

The house Monday passed, by a vote of 144 to 26, Mr. Lacey's bill to enlarge the powers of the department of agriculture and to prohibit interstate commerce in game killed in violation of local laws. The secretary of agriculture is authorized to promote the introduction and restoration of desirable birds, to prevent the introduction of undesirable birds and to prohibit the killing of game birds in violation of law in one state for the purpose of secret shipment to other states. The passage of the bill by so large a vote shows that it is in accordance with public sentiment. The people of the United States desire the preservation of certain birds and they desire the extermination of certain other birds, but up to this time they do not appear to have been able to have their own way about it. They have witnessed, within a few years, in this and many localities, the disappearance of once familiar songsters and the invasion of a horde of dingy sparrows, and have been apparently powerless in the premises. They cannot have the birds they want and must, perforce, have those they do not want. It is to be hoped that Mr. Lacey's bill will become a law and that it will be enforced with such stringency as to demonstrate the possibility of restoring many varieties of songbirds that have almost disappeared.

H. P. Fallenweider has made quite a study of the ways in which different churches are run. He has the following article in the Chicago Interior on one of the evils: "As the church is organized and working today she never will reach the masses. It is impossible. The church is like a man who, although born among poor and reared in a tenement district among poor and unlettered people, has become rich, educated, cultured, and moved out upon the boulevard. His old associates never think of calling on him or associating with him. The church was once poor, its founder was a homeless pilgrim, its first membership largely slaves. The reformation began among the common rabble, and down to within a short period that church has moved and labored and blessed the multitude. It may not be its fault that wealth and culture, refinement and prosperity are its portion today. We may not blame it for going away from the very class who once sang its hymns and said its prayers and rejoiced in the house of God. But that it has moved, grown away from them, there is no doubt. What is the remedy? First, the church must be awakened to see and to do the commands of Jesus to the poor and distressed multitude. Or, second, a movement will take place among the masses independent of the present organized form of Christianity, a move that will have a power, and that power eternal, which has in the past shaken with fear both the world and the church."

SACRED LETTERS FOUND.

A Rome correspondent says that letters from King Agrippa to Christ and the Savior's reply have been discovered after having been lost for 903 years. Prof. Buhrmann of the Vienna University announced the discovery to the Archeological congress at Rome, asserting that the letters were found carved on stone in the ruins of the old gateway of Epirus. The existence of the letters was first asserted by Eusebius in the fourth century. Following are the letters as translated from the Syro-Chaldaic characters: "Agrippa to Christ: I have heard of Thee and the cures wrought by Thee without herbs of medicines, for it is reported that thou restorest sight to the blind and makest the lame to walk, cleanest the leper, raisest the dead, castest out devils and unclean spirits and restorest to health those tormented with disease of long continuance. Hearing all this of Thee, I am fully persuaded Thou art the very God come down from heaven to do such miracles, or that Thou, the son of God, performeth them. Wherefore I have sent Thee a few lines entreating Thee to come hither and cure my disease. Besides, hearing the Jews murmur against Thee and continue to do Thee mischief, I invite Thee to my city which is but a little one, but beautiful and sufficient to entertain us both."

Christ's reply was as follows:

"Blessed are thou, believing Me whom thou hast not seen, for it is written of Me: 'They that have seen Me shall not believe, they that have not seen Me shall believe and be saved,' but concerning the matter thou hast written about, with this I acquaint thee, that all things for which I was sent hither must be fulfilled. Then I shall be taken up and return to Him who sent Me, but after My ascension I shall send one of My disciples that shall cure thee of thy distemper, and give life to all them that are with thee."

WILL MAKE A TOUR OF EUROPE

MANY FORT WAYNE PEOPLE TO GO ABROAD.

Some of Those Who Will Spend the Summer Across the Big Pond —Some Have Gone.

The present season will find considerably more than the usual number of Fort Wayne people in Europe. The Paris exposition has added its drawing qualities to the inherent desire on the part of most people to see Europe, and the improved business conditions have made it possible for a larger number than usual to take the trip this year. Not all will visit Paris, for a goodly number are going direct to Germany, while other points will also attract visitors.

Col. and Mrs. Robertson, Mr. and Mrs. L. W. Johnson, Mr. and Mrs. A. Fuelber and Dr. and Mrs. Schilling are already there, and among others who are preparing to go are H. C. Hanna, William Geake, A. B. Jackson, Miss Susie Merz, C. Ehrman, E. J. Jabas, L. F. Curdes, H. W. Nordhurst, William Eichles, John Reidtmiller, Carl Albanus, Mr. Rippe, L. Younge, S. Barnard, A. Swift, J. Wessel, J. Kline, John O'Ryan, Miss Clara York, Nicholas Clusseroth, Miss Caroline Kraack and Charles Hoffman.

NAMED A TICKET.

PROHIBITIONISTS OUT FOR STATE CAMPAIGN.

C. N. ECKHART FOR GOVERNOR

JAMES E. GRAHAM FOR JUDGE OF SUPREME COURT.

OPPOSED TO ARMY CANTEEN

PLATFORM DEALS WITH THE QUESTION.

Indianapolis, May 3.—The prohibition state convention in session at Plymouth church, yesterday nominated the following ticket:

Governor—Charles N. Eckhart, of Auburn.

Lieutenant Governor—Rev. Robert H. Clark, of Evansville.

Secretary of State—Dr. R. E. Pretlow, of Thorntown.

Auditor of State—Rev. M. B. McKinsey, of Frankfort.

Treasurer of State—Edwin Hiatt, of Henry county.

Attorney General—M. H. Krauss, of Peru.

Reporter of Supreme Court—Isaac S. Wade, of Lafayette.

State Statistician—Henry S. Bonsib, of Vincennes.

Superintendent of Public Instruction—B. W. Ayres, of Taylor university.

Judge of Supreme Court, First District—C. B. Kesainger, Vincennes.

Judge of Supreme Court, Fourth District—James E. Graham, of Fort Wayne.

THE PLATFORM.

The platform, among other things, had this to say on the canteen question:

"We denounce the assignment of the anti-canteen law by the president and members of his cabinet, as being unjustifiable in law, and revolutionary and unpatriotic in principle.

"We charge President McKinley with moral cowardice in refusing to exercise his authority as commander in chief of the army to abolish the sale of liquor in the army canteen, and to prohibit its importation into our newly acquired territory; however we may differ as to the wisdom of expansion of territory, we are unalterably opposed to the expansion of the liquor traffic into our new possessions, thus debauching our soldier boys and debasing and driving from the acceptance of our civilization the people to whom we should extend only the benefits of our Christian citizenship. We, therefore, invite the thousands of loyal citizens who have ineffectually petitioned the president to this exercise his authority, to join us in a more practical and effective protest at the polls."

The reading of the platform was followed by considerable discussion and the woman's suffrage question was brought up. Some thought there should be special mention of the question, but Chairman Newlin pointed out that the right of women to vote was covered in the third article of the platform, which says:

"For the accomplishment of this clearly defined purpose we invite to party co-operation all those who agree with us on this issue, and we most confidently believe that the party, thus constituted, will eventually succeed in power, and will be endowed with the requisite wisdom, patriotism, courage and ability to enact and enforce legislation which shall not only relieve us of the national crime of the legalized saloon, but will adopt constitutional amendments which will give to the people some direct power in legislation and in the election of national, legislative and executive officials, and give to us a new standard of citizenship, based upon intelligence and education, instead of on the unjust definition that has prevailed in the interpretation of Section 2, Article 4, and Section 1 of Article 14 of the Constitution of the United States."

The platform was adopted by a standing vote. The morning session was closed by Quincy Lee Morrow, who made a spirited talk in the interests of prohibition. He asserted that if the right kind of work was done the party will poll 25,000 or 30,000 votes at the next election. Mr. Morrow said it would require $5,000 to carry on the campaign in this state. A number of men gave substantial subscriptions on the strength of Mr. Morrow's statement.

HOUSE WARMING.

Secretary F. L. Crall, of the Wayne Fishing club, has notified the members of that association that the grand opening and house warming of the new club house will positively occur this week, commencing on Saturday evening. This event has been postponed a number of times in the past month for different reasons, chiefly on account of the fact that some of the members were unable to get away. The furniture has all been put in and the club house is one of the best equipped in the state. Each member will be expected to bring two friends. The officers of the club are: Ed. M. White, president; L. A. Randall, vice president; F. L. Crall, secretary, and Dave Eckart, treasurer.

NATIONAL TICKET NOMINATED.

Rock Island, Ill., May 3.—The newly formed United Christian party launched its national ticket and formulated its platform here yesterday. Rev. S. C. Swallow, of Harrisburg, Pa., is the nominee for president, and John G. Woolley, of Chicago, is his running mate. The platform declares for the initiative and referendum and for political, social and economic equality of the sexes; declares against war and demands arbitration of national and international disputes; urges the immediate abolition of the manufacture and sale of intoxicating liquors as a beverage; demands the enactment of laws prohibiting the sale of tobacco to minors, urges daily reading of the Bible in the public schools and institutions of learning controlled by the state, declares for government ownership of public utilities and favors the election of president, vice president and United States senators by popular vote of the people.

NOTHING BUT FACTS.

NO DECEPTION USED IN TALKING ABOUT MORROW'S KID-NE-OIDS.

The Arguments in Their Favor Come From Those Who Have Tested Their Merits.

There is no deception in anything we publish about Morrow's Kid-ne-oids. All of our statements are facts and are from people all over the state. People in all walks of life are using and recommending Kid-ne-oids, because they cure Backache, Nervousness, Sleeplessness and General Debility, in cases where other remedies have failed.

We ask you to read the following statement from Abram Abrams, Greencastle, Ind., who says: "For the past fifteen years I have been afflicted with kidney trouble and I can truthfully say that I have practically received no benefit whatever from the many different preparations and remedies for kidney disorder that I have used; recently I tried a remedy that helped me for a few days and I was inclined to recommend it, but almost as quick as thought the trouble returned and with redoubled force; this showed that the remedy was positively no good for me. I obtained Kid-ne-oids and used them according to directions; they helped me from the start and today I have no backache at all and no urinary disturbances; I can keep my bed all night and I used to be obliged to rise five or six times during the night; this of course broke my rest as well as being very weakening. I feel safe in saying that I can recommend Morrow's Kid-ne-oids to anyone."

Kid-ne-oids are for sale at Ranke & Nussbaum's Drug Store.

Attorney J. M. Hatfield, of Huntington, was a Fort Wayne visitor yesterday. Mr. Hatfield is a candidate for the republican nomination for circuit judge to succeed Judge Watkins.

FIRE AT DECATUR.

EGG CASE FACTORY BURNED TO THE GROUND.

LOSS WILL REACH $20,000

TWO MUNCIE INFANTS HAVE STRANGE POWERS.

A BABE THAT IS A MEDIUM

GENERAL NEWS OF THE STATE OF INDIANA.

Decatur, Ind., May 3.—Fire broke out in the Decatur Egg Case company's factory in the south end of the city yesterday while the men were at dinner. The flames soon spread to the adjoining buildings and dry kilns, and the fire company soon was powerless, and turned its attention to the surrounding property. The district is very thickly populated, and at least twenty small ares were put out. The loss of the Decatur Egg Case company aggregates $20,000.

DISEASE OF THE BLOOD.

Liberty, Ind., May 3.—Carson Haworth, manufacturer of farm machinery and engaged in farming, died suddenly Tuesday night at his home, south of this place. He was found lying in a field where he was plowing. Mr. Haworth's grandfather, father and an uncle died some years ago under the same conditions. Physicians pronounced it a disease of the blood vessels or veins; they gradually grow rotten, finally ending in a rupture of blood on the brain. Mr. Haworth was about 46 years old. He belonged to a family better known throughout the state and west perhaps than any other family in Union county. He leaves a wife and six children.

CHILDREN "POSSESSED."

Muncie, Ind., May 3.—People familiar with the household of D. E. Cripe, in this city, are astonished, and no less astonished than the family itself. The actions of the baby daughter, but 10 months old, is the cause. The child, though unable to speak a word, is said to be possessed of spirits that control its actions. One day last week a new slate was purchased for one of the older children. The baby was allowed to play with it. After the child had the slate a while it was opened and a communication similar to those received by mediums was discovered.

Thinking one of the older children might have written it, though the handwriting was unfamiliar, members of the family immediately made a test. Each time the baby was allowed to hold the slate, and each time a short message appeared on the inside. The thing mystifies the family. The babe's parents are not Spiritualists, and do not believe in Spiritualism. Day before yesterday, in the afternoon, another test, in the presence of a party of friends, was made. An entirely new slate was bought for the purpose. On being opened, after the child had held it, a short message from the dead relative of one of those present was read. The child, though intelligent for one of its age, has displayed no peculiar power up to this time.

Earl Cripe is a 3-year-old brother of the babe with wonderful powers, and he also appears to be aided by supernatural forces, though in a different way from his baby sister. He seems at all times to be charged with electricity. If the lad's body be placed horizontally between two chairs, one of the chairs may be removed, and he will remain suspended in mid-air, his body perfectly rigid. The father of the two precocious children, though loth to believe it, is forced to the conclusion that they are controlled by an occult force. He says in a jesting way that he believes he will tour Indiana with them, giving performances.

ROBBED BY TRAMPS.

Logansport, Ind., May 3.—Jack Lynch, an employe at the Longcliffe insane hospital, while returning to the hospital, Tuesday night, was assaulted and robbed by four tramps, on the Wabash railway bridge. The ruffians rifled Lynch's pockets, taking $10, and then threw him into the river below, a distance of thirty-five feet. The water was shallow, or Lynch would have been drowned. He was so badly hurt that he could scarcely move. He called for help, but it was five hours before he attracted the attention of a policeman, who pulled him ashore and called the ambulance.

WATERLOO EXCITED.

Waterloo, Ind., May 3.—Municipal politics are at fever heat in this place, and for the first time there are three municipal tickets for the town election this spring. The republicans and democrats each held their caucuses, and because they both nominated men who are in favor of having public improvements, such as electric lights, another faction, who oppose any improvements, announced that they would hold a citizens' caucus, and did so, nominating men who are on record as opposed to any public improvements. The election comes off next Monday, and at this time there will be a bitter contest. The principal issue is electric lights.

FIRE AT NEW PARIS.

Goshen, Ind., May 3.—Fire at New Paris yesterday destroyed the elevator and contents belonging to Byron B. Brothers of Goshen. The building was valued at $1,600, fully covered by insurance. Several thousand bushels of wheat stored there by farmers is a total loss. Mr. Brothers also lost a quantity of grain. Sparks from a Big Four freight engine ignited a shed adjoining the elevator. The whole town was threatened, many houses taking fire from sparks. The roofs of the Progressive church and Charles Rohrer's grocery suffered most before being extinguished. There is no fire protection in the town, and there was a man with a bucket on nearly every house till the danger was over. The total loss is between $3,000 and $4,000.

HORRIBLY BURNED.

Flora, Ind., May 3.—Mrs. Harriet J. Gilliam, 75 years old, near Darwin, this county, is lying at the point of death from burns received while making a heroic effort to save her home from destruction. Her clothing caught fire, and every stitch, with the exception of her shoes, was burned from her body. Pieces of flesh dropped from her arms while she was being carried into the house. The house had caught fire from burning rubbish, but neighbors arrived in time to save the building. There is no chance for Mrs. Gilliam's recovery.

ISLAND PARK ASSEMBLY.

Portland, Ind., May 3.—The management of Island Park assembly, at Rome City, is preparing for the annual meeting that will be held from July 25 to August 16. Last season 75,000 people visited the assembly, and a still larger number is looked for this summer. More than usual attention will be given to departmental work. Rev. W. F. Harding will have charge of the Biblical department; S. M. Clark will direct the music, and Mrs. Mary Balch will look after the affairs of the W. C. T. U. and will be aided by a number of special workers. Rev. M. P. Straight will again have charge of the Holy Land study from the model of Palestine, and Henry J. Becker will deliver occasional lectures. Miss Ella Keel, formerly of Fort Wayne, Ind., now of Boston, will teach physical culture, oratory and voice culture, and the kindergarten work will be under the supervision of Miss Jessie Goodwin, of Indianapolis. A number of special entertainments have been arranged for, and the usual special days will be observed.

OIL WONDER IN HUNTINGTON.

Montpelier, Ind., May 3.—An oil well just drilled on the D. Elliott farm in Huntington county by Thomas McDonald & Co. is yielding at the rate of 900 barrels a day, and there is great enthusiasm in that section of the Indiana field. A well producing 150 barrels a day has been drilled in Monroe township, Madison county, and another in Grant county ten barrels a day. The Phoenix Oil company has a new fifty-barrel well in Blackford county.

A NEW JAIL AT PORTLAND.

Portland, Ind., May 3.—Work has begun on the new jail, which will be a handsome structure, and, under the the contract, will be completed October 1. The price is $30,000. The new building will contain twenty-eight cells, a hospital department, with sheriff's residence, and all of the latest devices for the safe-keeping of prisoners. It will be of the colonial style of architecture, with a front of pressed brick.

A GIRL BADLY INJURED.

Kendallville, Ind., May 3.—Hazel, the 9-year-old daughter of Mr. and Mrs. Charles Crawford, caught her clothing on fire, Tuesday, while standing near a bonfire, and she was terribly burned before the flames were extinguished.

ONLY TWO LEFT.

Waterloo, Ind., May 3.—Waterloo now has but two saloons. A few weeks ago one was abandoned by the proprietor and bartender, leaving town to avoid paying a fine. Another saloon was burned out in the fire last week.

FOR WELL PEOPLE.

An Easy Way to Keep Well.

It is easy to keep well if we only observe each day a few simple rules of health.

The all important thing is to keep the stomach right and to do this it is not necessary to diet or to follow a set rule or bill of fare. Such pampering simply makes a capricious appetite and a feeling that certain favorite articles of food must be avoided.

Prof. Wiechold gives pretty good advice on this subject, he says: "I am 68 years old and never had a serious illness, and at the same time my life has been largely an indoor one, but I early discovered that the way to keep healthy was to keep a healthy stomach, not by eating bran crackers or dieting of any sort; on the contrary I always eat what my appetite craves, but for the past eight years I have made it a daily practice to take one of two of Stuart's Dyspepsia Tablets after each meal and I attribute my robust health for a man of my age to the regular daily use of Stuart's Tablets.

My physician first advised me to use them because he said they were perfectly harmless and were not a secret patent medicine, but contained only the natural digestives, peptones and diastase, and after using them a few weeks I have never ceased to thank him for his advice.

I honestly believe the habit of taking Stuart's Dyspepsia Tablets after meals is the real health habit, because their use brings health to the sick and ailing and preserves health to the well and strong."

Men and women past fifty years of age need a safe digestive after meals to insure a perfect digestion and to ward off disease, and the safest, best known and most widely used is Stuart's Dyspepsia Tablets.

They are found in every well regulated household from Maine to California and in Great Britain and Australia are rapidly pushing their way into popular favor.

All druggists sell Stuart's Dyspepsia Tablets, full sized pkgs. at 50 cents and for a weak stomach a fifty cent package will often do fifty dollars worth of good.

PROSPECTUS

OF THE

SIEGEL-COOPER CO. CO-OPERATIVE STORES,

NEW YORK AND CHICAGO.

Profit-Sharing with Our Patrons — Co-Operation with Our Employees.

Reasons for Consolidation.

The great success attending since 1237 by Siegel, Cooper & Co. has induced and given warrant to the enterprising owners to further ingratiate themselves into public favor by consolidating their two mammoth establishments into a co-operative enterprise on a profit-sharing basis. They recognize the tendency of the present age to be in the direction of co-operation of employers with employees, as well as in profit-sharing with patrons.

The New Company

To accomplish this desired condition a new company, the Siegel-Cooper Co. Co-operative Stores, New York and Chicago, has been incorporated under the laws of the State of New Jersey, with a capital stock of $24,000,000, of which $14,250,000 is divided into 285,000 shares 6% cumulative Preferred Stock of $50.00 par value, and $9,750,000 into 195,000 shares Common Stock of $50.00 par value.

Dividends

The charter of the Company provides that after full dividends of 6% per annum have been paid on the Preferred Stock and full dividends of 3% per annum have been paid on the Common Stock, all additional dividends shall be apportioned and paid on the basis of ⅓ in amount on the Preferred Stock and ⅔ in amount on the Common Stock.

Plan of Co-operation with Employees

To carry out the plan of co-operation with its employees, $2,000,000 of the Common Stock has been placed in trust, the annual dividends of which will be distributed among such employees as have been or may hereafter be with the New York or Chicago establishment for a period of three years, during their satisfactory continuance in the service of the new Company; such dividends will also be continued and paid to employees for life who, after ten years of service with the new Company, become incapacitated for further employment, thereby practically providing a pension fund for faithful employes in their old age.

Profit Sharing with the Public

To carry out the plan of Profit Sharing it is proposed by the present owners who are the owners of all the stock of the new company, to offer to the public through the undersigned 200,000 shares (fully paid and non-assessable) of the 6% cumulative Preferred Stock at par, on which the full 6% dividend must always be paid before the Common Stock receives any dividend whatever, the Preferred Stock also having a prior right to all the assets of the company.

Guarantee of Dividends

In order to give double assurance to the general public, whom it is desired to interest as stockholders instead of speculators, and who may not be fully conversant with such investments, the money required to pay dividends on said 200,000 shares has been set aside and will remain on deposit with the Central Trust Company of New York and the Illinois Trust and Savings Bank of Chicago respectively to secure the dividend of 6% per annum, payable SI semi-annually, for a period of five years, i. e. until July 1st, 1905, on all such Preferred Stock as may be allotted in their respective territories, and each certificate of stock so allotted will have an indorsement by said Trust companies respectively to that effect. We thereby offer not only an absolutely safe 6% investment, but one which will without question yield considerably more.

No Common Stock to Be Sold

Under no circumstances will any of the Preferred Stock be sold, nor any of the Common Stock, be sold, the present owners having no desire to sell out, but intending to remain with the business; they will therefore not part with any more stock than they believe necessary to fully carry out the plans for co-operation and profit-sharing, as previously stated.

The Influence of New Stockholders

The owners confidently believe that, by inaugurating the liberal policy above outlined towards the employees they will in return be rewarded by more faithful service and courteous attention to patrons, the result of which must be beneficial to the new company, as well as augment the continued good will of the public.

Furthermore, it can be calculated to a certainty that with many thousands of new stockholders exerting their personal influence toward the success and welfare of the business larger patronage and correspondingly greater earnings for the new company will be assured. It is from the increased benefits and material advantages which these changed conditions are expected to bring about that the present owners feel confident of better pro rata remuneration on the stock which they retain and it is manifest justifies them in parting with any portion of their interests in an established and exceptionally profitable business.

The Transfer on day of the New Company

The SIEGEL-COOPER CO. Co-operative Stores will take possession Monday, July 2d, 1900, of the two great department stores of Siegel-Cooper Co., New York, and Siegel, Cooper & Co., Chicago, in their entirety, covering a floor space of over thirty acres, with their millions of dollars' worth of Merchandise, Store Fixtures, Delivery Plants consisting of many hundreds of Horses, Wagons, etc., Machinery, extensive Stable Properties and all appurtenances required for the complete operation of the two stores, and also the partial fireproof store building and real estate in New York City which alone represents an asset of many millions of dollars, free of all encumbrances or indebtedness whatever, so that the Siegel-Cooper Co. Co-operative Stores, New York and Chicago, will start its career without owing a single dollar.

For the good and sufficient reason of not wishing to divulge the details of our business to our competitors we present no balance sheet for publication. We do not, however, desire to ask our patrons or the public to rely exclusively on our representations and therefore the money required has been set aside and will remain on deposit with the above named Trust Companies to absolutely secure the dividends on all the Preferred stock to be allotted as stated. Moreover, we allude with pride to the fact that the Chicago establishment has since its inception paid millions of dollars in dividends to its stockholders, and that the New York establishment, while only in its fourth year, is not only doing a larger business than the Chicago store, but is also on a most profitable dividend paying basis. We can also say for the benefit of subscribers that the net earnings of our two establishments for the past year were largely in excess of the amount required to pay the dividends on all the Preferred Stock of the new company.

Profits Past and Prospective

There will be no change in the management, and the same men who thirteen years ago started the original Siegel, Cooper & Co. store in Chicago (and later its sister store in New York), and who have achieved a success almost without parallel in modern retailing, have pledged themselves to continue in the management of the business of the new company the same as in the past, and they will deposit with the Central Trust Company of New York all of their stock holdings for a term of years to secure such pledge.

Management

Subscriptions for the 200,000 shares of the Preferred Stock will be received in person or by mail on blank forms provided for that purpose at the office of Siegel, Cooper & Co., Chicago, beginning at 10 A. M., Monday, May 7th, 1900, and will continue for a period of one week; the right, however, is reserved to close subscriptions upon one day's notice in any one of the Chicago daily papers.

A BIG STRIKE ON.

PHILADELPHIA TROUBLE HAS GROWN GREAT.

BUILDING TRADES QUIT WORK

SIXTEEN THOUSAND MEN ARE NOW INVOLVED.

BUFFALO STRIKE SETTLED

IT WILL COST THE CENTRAL $100,000 MORE A YEAR.

Philadelphia, May 3. As a result of the action last night of the Allied Building Trades Council in refusing to recognize the Brotherhood of Carpenters because the latter agreed to work on buildings regardless of whether union or non-union men are employed thereon, so long as their union is recognized, the Allied Building Trades Council in retaliation this morning ordered out all its men wherever Brotherhood of Carpenters men are working. Secretary Allen, of the Building Trades Council, says that in consequence of this order about 12,000 additional men quit work after 8 o'clock this morning. This makes about 16,000 men in all employed in the building trades now on strike in this city.

This morning's order affects the exposition building, where hundreds of men are at work preparing the structure for the republican national convention.

One conference this morning between the representatives of the Brotherhood of Carpents and the Building Trades Council failed to effect a settlement of the differences. Another conference will be held later in the day.

This morning's action materially complicates the strike situation as in many instances employers who had signed the scale of the Allied Building Trades Council and also the Brotherhood of Carpenters' scale have been forced to suspend operation because of the order from the Trades Council headquarters.

BUFFALO STRIKE SETTLED.

Buffalo, N. Y., May 3. The railroad strike is considered practically settled. It is understood that the Nickel Plate has agreed to abide by the action of the New York Central and it is believed that the Erie, Lackawanna, Lehigh and Western, New York and Pennsylvania will acquiesce in the arrangement.

The concessions made by the New York Central will, it is said, mean $100,000 a year added to the expenses of the road at this end of the state, as compared with what they were prior to March 16.

BOXMAKERS' STRIKE.

Bay City, Mich., May 3. Four hundred boxmakers and helpers in seven factories in this city went on strike this morning in pursuance to action taken last night by their union. The men want an advance in wages of from 10 to 15 per cent., which the manufacturers decline to grant. Three factories are running a few machines with non-union help, but will eventually have to shut down unless the differences are settled.

Otto Klinkenberg, of Minneapolis, arrived in the city last evening for a visit with friends.

GAIN OF JUST ONE HUNDRED

SLIGHT INCREASE IN SCHOOL ENUMERATION.

Fort Wayne's Pupil Population Now Numbers 13,201. The Annual Count by Wards.

The annual enumeration of pupils of school age within the city limits of Fort Wayne has just been completed and the results of the canvass were given out by Superintendent Study last evening. The total school population is found to be 13,201, an increase of just one hundred over the count of 1899, when the figures were 13,101, and 200 greater than the 1898 total of 12,811. Of the white school population, 6,670 are males and 6,565 females, and of the 45 colored children, 21 are males and 27 females.

The result of the canvass by wards is as follows:

Wards.	White. Male.	White. Fem.	Colored. Male.	Colored. Fem.
First	617	619	3	4
Second	392	409	1	5
Third	390	377	6	7

GREAT DAY FOR MACCABEES

WAYNE TENT NO. 51 HAS A CELEBRATION.

Hundreds of Guests Here and More Coming—Big Class of Candidates—Parade Tonight.

Several hundred visiting members of the Knights of the Maccabees are in Fort Wayne today the guests of Wayne Tent No. 54, and in the hall at Calhoun and Wayne streets, 130 candidates are being received into membership by Wayne Tent. It is the largest class of candidates ever received by any fraternity in Fort Wayne, and the knights are celebrating the event in a proper manner.

Supreme Medical Examiner R. I. Moss, of Port Huron, Mich., arrived last evening, and other leaders of the order have been arriving all day. Among them are A. J. Irwin, great medical examiner, of Goshen, Enoch Myers, great lieutenant commander, of Rochester, Adam E. Wise, great finance keeper, of Plymouth, Ed L. Young, great record keeper, of Norwalk, Ohio, Milo Meredith, great commander of Indiana, Wabash, and J. W. Replogle, great record keeper of Indiana, Goshen.

The Hartford City degree team of twenty-six members arrived at 11:40 over the Lake Erie, and fifty other members were with them. This afternoon Wayne Tent band and the reception committee has been kept busy meeting arriving delegations. Still others are yet to come for the evening session. Van Wert, Monroeville and other delegations will arrive at 7:15; Huntington, Roanoke and other tents will get in at 6:45; Kendallville comes at 7 o'clock; Claypool guests arrived at 3 o'clock, and Auburn has a special train at 6:45. The reception committee is composed of Messrs. E. P. Thomas, L. S. Williams, F. A. Kincade, William Zuttermeister, Sid J. Throckmorton, J. B. Pirson and J. C. Williams. Wayne Tent has provided a handsome blue souvenir badge for the occasion.

This afternoon there was a special session at 2 o'clock, and about thirty candidates were admitted to the order, the degree being conferred by the staff of Wayne Tent. At this evening's session the team from Hartford City will be in charge of the work, and it is one of the best teams in the state. There will be fully 100 candidates admitted at the evening session, and the degree work will be completed by 11 o'clock. Following this will be a Maccabee love feast, and it promises to be a most enjoyable part of the meeting. The program is an informal one, but there will be addresses and music galore, and the needs of the inner man will be provided for in a five-course luncheon to be served in the lodge rooms.

Another feature of the evening is one that the entire public can enjoy. This is the parade, which will form at Calhoun and Berry streets and move promptly at 7:30. The line of march will be south on Calhoun to Brackenridge, countermarch to Wayne, west to Harrison, north to Columbia, south to Berry, east to Clinton, south to Wayne and west to the I. O. O. F. hall, where it will disband. The supreme officers will review the parade from the north balcony of the New Aveline hotel. The marshals for the parade are J. C. Williams, William Zuttermeister, William Treffinger, Dennis Greaney, Fred Stetter and Herbert Grosvenor.

The committee of arrangements in charge of the celebration is made up of Messrs. A. E. Thomas, L. S. Williams, J. B. Pirson, Thomas Florence and F. A. Kincade.

THE SEARCH STOPS.

The Right Thing Has Been Found. A Fort Wayne Citizen Shows the Way.

Once more we are indebted to a Fort Wayne citizen for a public statement that throws more light on a subject of ever-increasing interest. People have been deceived by false misrepresentations from time immemorial. No wonder they are skeptical of all claims endorsed by strangers residing in far-distant parts of the union. This is no longer necessary to accept such endorsements, for local citizens are giving their testimony and 'tis any easy matter for any reader to investigate the correctness of such evidence as the following. Mrs. Jos. Aukenbruck, of 30 Erie street says. "I did not take Doan's Kidney Pills sold at Meyer Bros. & Co.'s drug store as I should, but they did me good. My son George was affected with kidney trouble and backache and he started taking them. It was not long before he was cured."

Doan's Kidney Pills are for sale by all druggists, price 50 cents per box.

Doan's Ointment is a specific for all itching skin diseases. Piles, Eczema, Chilblains, Chafing, any irritation and all itchiness of the skin. Gives instant relief. We mail a free sample box on application. Address Foster-Milburn Co., Buffalo, N. Y.

THE MARKETS.

Chicago, May 3.—The stock market broke sharply early in the session today. The opening was weak on lower rates. The demand was poor at the fractional concession and when heavy general selling by leading longs set in, the slump continued rapidly. It was an active market. July opened 1/8@1/4c down to 40 @40 1/2c and declined to 39 1/4@1/2c. Price under yesterday's close. At the bottom the demand improved and the market steadied. July reacting to 40@1/4c. Receipts here were 270 cars. Liverpool broke on reading by a bear house and closed 1/2 lower. New York did a large export business yesterday, but the demand here was slow. The provisioning trade yesterday may have had an influence in the selling which began in the corn pit this morning.

Later July declined to 39 1/4c. The close was weak, July 1c under yesterday at 40c.

The wheat market early was quiet and steady. Cables were easier, the outside speculative trade light and crop prospects generally reported good. With the corn break added as a depressing influence the market held remarkably well. July opened 1/8@1/4c lower at 67 1/4@67 3/8c, sold to 67 1/4@67 3/8c, declined to 67@67 1/8c and then rallied to 67 3/8c. Receipts here were 12 cars, none of contract grade. Minneapolis and Duluth reported 423 cars against 370 last week and 219 a year ago.

The market continued in sympathy with corn, about the only feature being the narrowing of the May-July spread to 1c. Elevator people took May and the offerings were light. The close was easy, July down at 67@67 1/8c.

Oats were easy in sympathy with corn. July opened a shade lower at 32 1/2c and sold down to 32 1/4@1/2c. Receipts here were 170 cars.

The provision market opened steady but eased in sympathy with the corn break on the liberal hog receipts and no pressing demand to meet liberal offerings. July pork opened unchanged at $12.17 1/2 and declined to $11.90. July lard 2 1/2c higher at $6.02 1/2, ranging to $6.07 1/2, and July ribs unchanged at $6.17 1/2, selling down to $6.05.

THE CLOSE.

Prices at the close were as follows:

Wheat—May, 65 1/2c; July, 67 1/4@67 3/8c.
Corn—May, 39 3/4@39 7/8c; July, 40c.
Oats—May, 32 1/2c; June, 32 1/2c; July, 32 1/2c.
Pork—May, $12.00; July, $12.15.
Lard—May, $6.02 1/2; July, $6.07 1/2; Sept. $6.07 1/2.
Ribs—May, $6.70; July, $6.77 1/2@6.80; Sept. $6.15@6.27 1/2.
Flax—Cash N. W., $1.74; Cash S. W. $1.74; May, $1.73; Sept., $1.21@1.24; Oct. $1.15@1.17.

CHICAGO LIVE STOCK.

Chicago, May 3.—Cattle—Receipts, 9,000; market about steady. Good to prime steers, $5.75@6.50; poor to medium, $4.10@5.65; stockers and feeders, $3.00@5.00; cows, $3.00@4.40; heifers, $3.25@4.70; canners, $2.00@2.90; bulls, $2.75@4.25; calves, $4.00@6.00; Texas fed steers, $4.00@5.20; Texas bulls, $3.25@3.75.

Hogs—Receipts today, 25,000; tomorrow, 20,000; left over, 7,472. Market averaged about steady; top, $5.35. Mixed and butchers, $5.15@5.25; good to choice heavy, $5.25@5.35; rough heavy, $5.10@5.20; light, $5.05@5.30; bulk of sales, $5.20@5.30.

Sugar—Raw, firm; refined, steady. Coffee—Market nominal.

THE DAY ON WALL STREET.

New York, May 3.—The heaviness of American stocks in London resulted in some declines at the opening here, but prices showed some recovery from the losses incurred in London. The iron stocks were generally strong. Tennessee Coal rising 3%. New York Central rose nearly a point on the settlement of the threatened labor difficulty. Sugar after running off 1%, recovered to last night's level. A number of railroad stocks showed small gains. A general advance ensued after the hesitating opening.

Wolf & Dessauer's automobile was in Huntington yesterday and attracted much attention as it rolled about the streets of the Lime City.

WINDOW DISPLAY.

An Attractive Lot of Lion Coffee Premiums in Meyer Bros. & Co.'s Window.

We frequently hear the claim "something given for nothing," but do not often see an actual demonstration of the principle, like the display of Lion Coffee premiums now on exhibition in Meyer Bros. & Co.'s window.

Here are many valuable articles, all given free for the lion-heads, cut from Lion Coffee wrappers. These are not cheap articles, but comprise clocks, umbrellas, watches, gold rings and jewelry, besides many things useful and ornamental in the household, or will be enjoyed by the children. Lion Coffee fully deserves the popularity which it has gained, because of its superior strength and flavor.

AFFAIRS AT ELECTRIC WORKS ENCOURAGING.

MR. WOOD'S NEW INVENTION

A TRANSFORMER CHEAPER AND BETTER THAN OLD.

MAGEE INSPECTS THE SHOPS

CAME HERE UNEXPECTEDLY YESTERDAY AFTERNOON.

While there is nothing particularly new to chronicle in connection with the Siemens-Halske works which recently became the property of the General Electric company, the feeling that the deal will eventually result beneficially to the interests of Fort Wayne seems to be increasing each week. Those who are in a position to know something about the matter, say that the labor situation in Chicago will be a strong influence towards abandoning those works and combining them with the works of the General company elsewhere when the question comes up for final consideration, as it surely will some day. The conditions in Fort Wayne are much better than those of Chicago and this fact has probably already come to the notice of the management of the General company. Upon this subject Mr. Wood had nothing new to offer this morning, but he assured the reported that he would use all the influence he could command in the interest of this city. He says the business of the Fort Wayne works is good and the prospects exceedingly good for the balance of the year. They are now engaged in getting out a new line of transformer which is a great improvement over the old, being smaller, better and cheaper. The new arc lamp devised by Mr. Wood has been thoroughly tested and found perfect and a great demand for it is sure to follow its introduction. One of these lamps has been installed in Mr. Hunting's office, where its rays make every nook and corner of the large room as light at night as at day. The light is as steady as it is penetrating, while it is of a character that does not tire or injure the eyes. The lamp is smaller and more handsome than any arc lamp yet placed on the market and this adds to its value and desirability for interior lighting. Mr. Wood is at present engaged in experiments with an electric fan for ventilating and cooling purposes, which was described in these columns a week or two ago.

ANOTHER FAST RUN.

The Chicago, Burlington and Quincy fast mail No. 8 made a record-smashing run from Burlington to Chicago Monday night. The train consisted of four heavily loaded mail cars. F. G. Gillette was engineer. The 206 miles to Chicago were covered in 203 minutes, including all stops, or, deducting stops, in 189 minutes, actual running time. The 53 miles from Mendota to Chicago were made in 73 minutes. The 80 miles from Galesburg to Mendota were covered at the rate of nearly 67 miles an hour. The engine was No. 1510.

INSPECTED THE YARDS.

The new shops and newly arranged tracks of the Wabash were inspected yesterday by General Superintendent H. L. Magee, who came here shortly after noon and remained until 5 o'clock. He was accompanied on the trip by Division Superintendent E. A. Gould, General Roadmaster A. B. Adams and some of the minor officials at Peru. Superintendent J. B. Barnes and Master Mechanic G. S. McKee were here to meet the general superintendent and escort him through the shops and about the yards.

MR. SPENCER'S TRAIN.

Consulting Engineer Spencer, who is making his annual inspection of the property of the Pittsburg, Fort Wayne and Chicago company, arrived in the city last night in accordance with the schedule published in The Sentinel Monday and left this morning at 7 o'clock for Chicago. He is accompanied today by Supt. J. B. McKim and one or two of the other officials. Conductor Joseph Morgan had charge of the train, while Engineer J. O'Ryan presided at the throttle. Assistant Road Foreman Ed McDonald was also in the cab.

Lundborg's

WAGES RESTORED.

The freight handlers in the Wabash warehouse were made happy yesterday by the announcement that their wages, which were reduced several years ago, had been restored to the standard which prevailed before the cut occurred. The increase amounts to about 10 per cent. The restoration order is effective during May.

HAND INJURED.

A misdirected blow yesterday landed a heavy hammer upon William Vachon's left hand, inflicting a wound that will cause him to lay off a few days at least. No bones were broken, luckily.

FARM MACHINERY TRAIN.

Warden, Bushnell & Glessner, manufacturers of farm machinery and implements, will send a special train, loaded with reapers and mowers, here this evening. There are fifty cars in the train, all decorated with streamers and otherwise, and hauled by two engines. En route from Richmond the train will stop at every station for the benefit of the citizens and farmers, arriving here at 3:30. It will remain here over night and leave at 6 o'clock tomorrow morning for Grand Rapids.

CAR SERVICE REPORT.

The monthly report of Mr. H. M. Elliott, the local representative of the Indiana Car Service association, shows a very satisfactory condition both as to the amount of business transacted in April and the manner in which the cars were loaded or unloaded. During the month of April 1,412 cars were received and dispatched here, all being loaded with local freight as compared with 1,400 cars during March. A year ago there were received and shipped here during the month of April, 1,002, which was 407 cars less than was handled here last month. Of the 1,412 cars subject to demurrage, only 4 per cent was collected, showing that the consigners and consignees are attending to business more promptly than formerly. This is due mainly to the efforts of Mr. Elliott.

MACHINIST RESIGNS.

John Casey this morning retired from a position in the Wabash shops that he has filed for the past year or two. Mr. Casey is one of the best known machinists in the city and has worked in all the leading shops during his long residence here. He does not make known his intentions as to the future, but it is likely that he has something better in sight. John is a good mechanic and will never want for a job.

INDUSTRIAL NOTES.

Brakeman C. A. Blount took a position on the Nickel Plate yesterday.

Master Mechanic G. S. McKee, of the Wabash, left last night for Buffalo.

Lee Duell has returned from Peru where he spent several days in the Wabash shop. He is a machinist.

Nickel Plate Brakeman E. M. Young resumed work yesterday. He had been enjoying a short vacation.

The Lake Erie and Western will on Sunday run an excursion to Michigan City from Indianapolis at $1 for the round trip.

Fireman Haugawout, of the Nickel Plate, has gone to Battle Creek, Mich., where some of his folks are lying sick.

Patrick Brenahan, E. Rainbeouf, T. C. Patten and Hewes Piper, all machinists inthe Pittsburg shops, are sick and off duty.

Chief Clerk Eichhorn, of the Wabash shop department, left this morning for Peru and Detroit in the interest of the company.

Engineer Jerre Lynch, of the Nickel Plate, is taking a lay off for the purpose of overseeing the spring work about the home premises.

E. Morrison, Nickel Plate brakeman, has been granted a leave of absence, which he will spend in Michigan, his old home, with relatives.

John B. Drexel, the banker and railway magnate, will pass through the city this evening in a special car attached to Pennsylvania train No. 8.

George H. Murray was a caller at the leading shops of the city today in the interest of the Ingersoll-Sergeant Drill company, of Cleveland, Ohio.

C. W. Bedson, clerk at the Nickel Plate round house, is afflicted with a large boil on his face and has been unable to be at his desk for a couple days.

John Wolfrom, clerk in Trainmaster Patterson's office, is quite sick. He was taken ill while at his desk Monday and has been unable to leave his bed since that day.

Employes of the Cincinnati, Hamilton and Dayton in its passenger car department, have been given, voluntarily, an advance of 5 per cent. in their pay.

Fireman Fair, of the Nickel Plate, has received the sad intelligence that his father died in Cleveland yesterday. He has gone to that city to attend the funeral.

C. J. Smith, for the past nineteen years identified with the Alton road in Kansas City, has been appointed traveling freight agent of the same company, with headquarters at Denver.

Transfer Agent Cy Fike was taken sick yesterday and is now confined to his home. Mr. Fike has been in poor health for about a year, though able to attend to his duties a good portion of the time.

R. M. Connell, formerly with the Cincinnati, Hamilton and Dayton at Indianapolis, has been appointed chief train dispatcher of the Hocking Valley, vice O. S. Bressler. The cause of the change is not given.

Louis White, who is employed in the Bass foundry, will be off duty a few days, nursing a lame arm. He had the limb injured by being struck with a crane handle yesterday. Mr. White boards at 55 Charles street.

James A. Townsend, formerly master mechanic of the Rock Island, has accepted a similar position with the Omaha, Kansas City and Eastern at Stanberry, Mo. Mr. Townsend was in the employ of the Rock Island for over twenty years.

Yesterday Engineer George Cooper and Fireman Kohlman went to Stony Island after their engine, No. 4, which has just been turned out of the Nickel Plate shops after being generally overhauled. It will go into service on the west end of the road.

The Wabash company has made some improvements of the crossing at Lafayette street, not the least of which was raising the brick approaches several inches. The walks were too low and following a rain water covered them to the depth of several inches sometimes.

Engineer Michael McCarthy, of the Nickel Plate, is taking a few days from his duties on the road. Mrs. McCarthy has been successfully operated upon at St. Joseph hospital and is rapidly recovering. Yesterday she was removed from the hospital to her home and Mr. McCarthy's lay off is due to that happy incident.

D. B. Keeler, vice president and traffic manager of the Fort Worth and Denver City railroad, has just issued an order that will in the future obtain in all cases of appointment of employes. The order is as follows: "No employment will be given to any one by this company which would result in placing such person, either directly or indirectly, under the jurisdiction of a relative. No changes are to be made on the line, but hereafter the ruling will be strictly observed."

Louis Seibt is again at his place in the Bass shops, after an absence of over a year. He was employed for several months in installing a massive Bass engine in a big factory in Massachusetts and more recently in putting in the 2,000 horse power engine in the Armour packing house in Chicago. He returned from that place last night. Emil Deister, another machinist at the Bass works, has also returned there, after doing some work for the company in Pittsburg.

Arrangements were perfected at Knoxville whereby work will begin by June 1 on the construction of an extension of the Knoxville and Augusta railroad into the Chilhowee mountains, near the North Carolina line. This is for the purpose of reaching a rich timber belt, in which the New England Tannery company, of Philadelphia, will build a $250,000 tannery. Orders have already been placed for several thousand cords of tanbark, which will be peeled at once. The construction of the tannery is understood to begin simultaneously with the work on the railroad extension. Knoxville and Atlanta are in easy reach of the tannery.

IN FROM ALASKA.

August Otterbach arrived in the city last evening from a visit with Dr. H. G. Niermann. Mr. Otterbach is the manager of the Alaskan end of Dr. Niermann's fur enterprises and he brought with him a large and valuable consignment of furs for the eastern markets. Mr. Otterbach whose home is in Philadelphia, has been in the north since March, 1898, and has had a wide and varied experience, which he says has repaid him for the hardships, though there has been little financial profit in his trip. Mr. Otterbach was one of the two people who constituted the total population of Copper Center during its last days, and the place is now entirely deserted. Within a short time Mr. Otterbach will return to the north and engage in mining.

The People's Store,

An opening of the Season display of

WASH DRESS GOODS!

This will be a Wash Goods Season, and we would suggest that you make your selections early, for on account of the scarcity of material it will be a difficult matter to find anything choice after the present stock is exhausted. And you know that the first showing always contains the choicest things. This seasons' showing outdoes any of our previous efforts in this line of goods. In it will be found the products of both foreign and domestic manufacturers, fine, sheer, dainty materials that commend themselves to one at first sight, and they all wash. Step in and look them over.

Melrose Lawns, a well chosen assortment of colors and patterns at 8 1-3c yard.

Lawns and Dimities, in regular Foulard patterns and colors, a very popular material, at 10c yard.

Figured Batistes and Figured Dimities, a large, complete variety of everything that is new and desirable for waists and dress patterns, at 15c yard.

Dimities in plain colors, 48-in wide, every new shade, at 15c yard.

Cotton Crepons, again very much in favor this season, (gave such good satisfaction last year), we have in all the new creations of colors and stripes, 15c yard.

Aridane cloth, Windsor Nicoise cloth, Canallie cloth, in exquisite designs and colors, a line of wash materials exclusive with us, at 17c yard.

Genuine Imported Dimities, swell creations in patterns and colors, imported direct by The People's Store, to be seen and had only here; those who desire "something a little better" than the ordinary wash fabrics will find this line of Imported Dimities to fill a long felt want; two qualities, to be sold as long as they last at the extreme low price of 25c and 20c yard.

White Piques, a good assortment, fine quality, at 25c to 33c yard.

Silk Stripe Linen Suitings, very new and in great demand. You should have a skirt of this material, by all means—only 25c yard.

Skirting Linens, plain, at 12½c, 15c, 19c, 25c yard and up.

Shirt Waist Linens, in stripes and plain color, excellent wash material, 30c yard.

Black Lawns, Black India Linons, Black Batistes, plain or figured, a very nice line to choose from, at 12½c, 15c, 17c, 19c, 25c yard and up.

White India Linons, Persian Lawns, Swiss Batistes, Organdies, Nainsook, Long cloth, etc., etc., in various qualities at lowest possible prices.

Toile Du Nord Dress Ginghams, in checks, broken plaids, stripes, etc., especially desirable for children's wear, as well as ladies, waist patterns; 200 pieces to select from at 10c yard.

Madras cloth, a very scarce article just now, and hard to get. By a fortunate early purchase we are able to show you 400 pieces of this serviceable material, in all the new stripes, their real value being 25c; but to start the Wash Goods Season in our Gingham department we will put them out at the extreme low price of 12½c yard.

French Ginghams, in stripes and fancy effects, very fine material, and especially adapted for waist patterns; a fine assortment at 15c yard.

SPECIALS—250 pieces of Silk Stripe Madras, 34-in wide, dainty light ground, with pretty silk stripe of different colors running through, worth 35c; we place them on sale at 25c yard. Ask to see them.

Mercerized Sateens, in pretty brocaded effects, very desirable for black waists, at 17c, 20c, 35c yard.

Chambrays, in pinks, blues, etc.; no better wash materials made, at 15c yard.

Wool Challies.

50 pieces Wool Challies, light, medium and dark ground, satin striped, fancy floral, scroll and polka dot effects, in the newest shades; two qualities at 39c and 50c yard. We invite your inspection of this line of Challies, as these exclusive styles are not to be seen elsewhere.

Hosiery Specials.

150 dozen of the famous Wayne Knit Hose for ladies, in medium and light tan shades, double sole, high spliced heel, velvet finish, of Real Maco; never retail for less than 25c pair; special price for this week, 19c pair, or 3 pair for 50c.

Come early and get your supply, as they are going fast.

Tools for all Trades.

Every workman is a better workman if he uses good tools. Bad tools will handicap the best mechanic. Poor tools are dear at any price. Good tools are worth what you can pay for them. More time and money, and labor, and temper are lost on account of inferior tools than many mechanics would care to admit. Just think of your tool wants and come here to have them filled. Being certain of quality in the first place, you may depend upon saving money, in the second. Never mind what kind of a tool it is you need, we are almost certain to have it.
